The Act was designed primarily for the purpose of affording financial assistance to cottage industries and industries on a small scale in the shape of loans, cash credits, etc. Experience of the working of the Act has, however, shown that it is capable of improvement and the object of the proposed Amending Bill is to modify the existing provisions so as to allow of a wider and more generous application and to remove certain minor defects in the Act.

RESOLUTION—No. 1176M.

Calcutta, the 28th June 1941.

READ—

Reports from the Commissioners of Divisions on the working of the municipalities in Bengal (except Calcutta) during 1939-40.

1. **Constitution and Boundaries.**—The number of municipalities remained the same (118) as in the preceding year. The only local variations were a few changes made in the boundaries of the Mymensingh, Comilla and Darjeeling municipalities.

2. **Elections.**—General elections were held only in 3 municipalities during the year under review and aroused keen interest in all of them. In 3 wards of the Debhatta municipality about 90 per cent. of the voters exercised their franchise. The female voters also evinced considerable interest in these elections; in Pirojpur about 70 per cent. of them attended the poll and recorded their votes, the percentage reaching 75·5 in one ward.

3. **Meetings.**—The total number of meetings held by the municipalities during the year under review was 3,028 of

which 71 proved abortive for want of a quorum while 303 were adjourned. The corresponding figures for the preceding year were 3,027, 126 and 273, respectively. The Nabadwip municipality held the largest number of meetings (114) which included 8 abortive and 23 adjourned sittings.

All the municipalities in the Province, except three, held at least one meeting in a month. The South Suburban municipality, however, held only 6 meetings and the municipalities of Baduria and Sherpur (Bogra), held only 9 meetings each, during the year under review. These three municipalities thus failed to attain the statutory minimum of one meeting in every month.

The average percentage of attendance of commissioners at meetings was below 50 in 16 municipalities as compared with 7 municipalities in the preceding year, the lowest percentage (37·8) being recorded in the municipality of Rangpur. The average percentage of attendance of non-official members at meetings was the highest in Kotechandpur (98·5) and lowest in Rangpur (37·2) and that of the official members was highest in Panihati (96·96) and lowest in Tangail (4).

4. Population and Ratepayers.—The total population of the municipal towns (outside Calcutta) most of which include quasi-rural areas, was 2,351,407 or only 4·7 per cent. of the total population of the Presidency, as in the preceding year. And of this small urban population, only 392,705, or about 16·8 per cent., were ratepayers. The rates were paid by less than one-tenth of the urban population in eleven municipalities, including eight industrial towns with a large floating labour population and the two hill municipalities of Darjeeling and Kurseong.

5. Rates and Taxes.—The average incidence of municipal taxation per head of the urban population was Rs. 3-6-½ against Rs. 3-7-11 in the preceding year. This indicates that the burden of municipal taxation was far from excessive and that this was further lightened during the year under review. The incidence of taxation nowhere reached the figure of Rs. 10 per head except in the Darjeeling municipality where it was Rs. 11-8-9 per head; on the other hand in 15 municipalities it was below Re. 1 per head. Four municipalities, viz., Chandrakona, Ramjibanpur and Khirpai in the Midnapur district and Kumarkhali in the Nadia district, continued to levy the tax

on persons instead of the rate on the annual value of holdings according to the provisions of the present Municipal Act.

The total receipts from the municipal rates and taxes (Rs. 79·43 lakhs) showed a decrease of about Rs. 2·80 lakhs during the year under review as compared with the receipts in the previous year, in spite of the fact that there was an increase of about Rs. 3·77 lakhs in the municipal demand due to general or partial revision of assessment during the year. There was, however, a heavy fall of receipts in the Howrah municipality amounting to about Rs. 2·72 lakhs due to the orders under section 135(2) of the Indian Railways Act, reducing the municipal rates assessed on the properties of the East Indian Railway and Bengal-Nagpur Railway administrations within the municipality. These orders under section 135(2) of the Indian Railways Act have, however, subsequently been revised.

6. Collection.—The total collection of rates decreased from Rs. 79·66 lakhs in the previous year to Rs. 77·98 lakhs in the year under review with a corresponding fall in the ratio of current collection to current demand from 77·8 to 74·7 per cent. The percentages of the arrear collection on the arrear demand and of the total collection on total demand, however, increased from 37·4 to 44·2 and from 66·4 to 66·6, respectively.

The municipalities of Tamluk, Garulia and Nalchiti had the distinction of collecting nearly the whole of their total demand. The collection of the total demand exceeded 90 per cent. in 14 municipalities, 7 of which (viz., Tamluk, Champdany, Bhatpara, Garulia, Narayanjanj, Muktagacha and Nalchiti), collected more than 95 per cent. of the total demand. Thirteen municipalities, on the other hand, failed to collect even half of their arrear and current demand, the worst record being that of the Rajpur municipality with a collection of only 27·27 per cent. of its total demand.

The amount of total remissions increased from Rs. 6·13 lakhs to Rs. 7·05 lakhs representing 5·6 per cent. of the total demand as against 5·1 per cent. in the previous year. The amount of outstanding arrears also increased from Rs. 34·24 lakhs to Rs. 40·87 lakhs and represented 45·2 per cent. of the current and 32·45 per cent. of the total municipal demand.

As in the previous year, the Howrah municipality had again the largest outstanding balance, viz., Rs. 17,18,537 (against Rs. 11,76,455 in the preceding year), even after granting remissions to the extent of Rs. 1,67,060 or 5 per cent. of its total demand. Other municipalities with noticeably large outstanding balances were Hooghly-Chinsura (Rs. 1,18,542), Tollygunge (Rs. 1,20,401), Garden Reach (Rs. 1,16,681), Dacca (Rs. 1,89,363), and Mymensingh (Rs. 1,48,850). In proportion to the current demand, the outstanding balances were the highest in Madaripur (101·2 per cent.) followed by Mymensingh (97·8 per cent.) and Patuakhali (91·4 per cent.).

7. Income and Expenditure.—The total receipts of the municipalities including opening balances, decreased from Rs. 142·8 lakhs in the preceding year to Rs. 138·4 lakhs during the year under review. The total disbursements, however, increased from Rs. 118·2 lakhs to Rs. 120·7 lakhs and the total balances at the end of the year fell by Rs. 7 lakhs to Rs. 17·69 lakhs.

Several municipalities failed to maintain even the prescribed balances and in 32 of them, the balances left were quite insufficient to meet the outstanding liabilities. The Debhatta municipality had the worst record with liabilities representing 86·3 per cent. of its current demand. On the other hand 15 municipalities earned the distinction of closing their accounts with practically no liabilities.

8. Education.—The total expenditure on education, including the Government grant of Rs. 1·82 lakhs, increased from Rs. 7·84 lakhs to Rs. 8·02 lakhs. The expenditure on primary education also increased from Rs. 5·84 lakhs in the preceding year to Rs. 6·20 lakhs during the year under review and represented 6·4 per cent. of the total ordinary income as against 5·6 per cent. in the preceding year. The average *per capita* expenditure on the education of children of primary school-going age also rose from Rs. 2·1·1 in 1938-39 to Rs. 2·7·8 during the year under review.

The Howrah municipality as usual spent the largest amount, viz., Rs. 81,885 under this head, of which Rs. 66,614 came from the municipal fund; but this represented only 4·8 per cent. of its total ordinary income and an average expenditure of Rs. 2·7·6 per child of primary

school-going age within the municipality.

The municipalities of Chittagong and Darjeeling maintained their high standard of expenditure on primary education by spending as much as Rs. 8·15·6 and Rs. 8·1·0, respectively, per child of the primary school-going age and they were followed by Chandpur and Kurseong with a *per capita* expenditure of Rs. 8·0·4 and Rs. 6·7·0, respectively. The highest *per capita* expenditure (Rs. 14·6·0) was however, incurred by the Taki municipality and the lowest by Moheshpur (Rs. 0·1·2) and Netrakona (Rs. 0·1·4).

The *per capita* expenditure on primary education was over Rs. 4 in 9 municipalities while it was below Re. 1 in 48 municipalities. Nine municipalities, as compared with ten in the preceding year, failed to spend on primary education even the prescribed proportion of 3·2 per cent. of their ordinary income. The ratio was, however, over ten per cent. in 31 municipalities, the highest ratio being reached at Rangpur (29·5 per cent.) followed by Sherpur (Bogra) with a ratio of 22 per cent.

Government take this opportunity of rectifying a mistake which occurred in the last resolution regarding the percentages of ordinary income spent by the Chittagong and the Chandpur municipalities on primary education during the year 1938-39. These municipalities were reported as having spent as much as 36·7 and 42·9 per cent., respectively, of their ordinary incomes in the cause of primary education; but it was subsequently found that these figures had been calculated by the municipalities on a wrong basis, viz., according to the definition of "ordinary income" as laid down in 1893 and not in accordance with the revised instructions issued by Government in 1939 for the calculation of such income. According to the present method of calculation, the actual percentages of the ordinary income devoted by the Commissioners of the Chittagong and the Chandpur municipalities were only 8·4 and 5·8 respectively, excluding expenditure from the imperial and other grants, and 15·9 and 10·9, respectively, including expenditure from such grants.

9. Water-supply.—The total outlay on urban water-supply was Rs. 12·81 lakhs representing a decrease of nearly a lakh of rupees from the preceding year's figure. The decrease was due entirely

to a fall of Rs. 1.61 lakhs under "Capital outlay", there being actually an increase of Rs. 65,275 in the expenditure under the head "Establishment, repairs, etc."

The total amount spent on water-supply by the municipalities in the Burdwan Division was Rs. 4,32,526 against Rs. 4,45,839 in the preceding year. There was a decrease of Rs. 45,158 under the head "Capital outlay" due chiefly to the actual adjustment of a smaller amount by the Hooghly-Chinsura municipality out of the amount advanced to the Chief Engineer, Public Health Department, for the execution of the municipal waterworks extension scheme. There was, however, an increase of Rs. 31,845 under "Establishment, repairs, etc." shared by municipalities in all the districts. The average percentage of total expenditure on water-supply on the total ordinary income was 12.2 against 12.3 in the preceding year and it varied greatly in individual municipalities, ranging from 41.5 per cent. in Hooghly-Chinsura to 1.1 per cent. in Baidyabati.

In the Presidency Division, the total expenditure on "Water-supply" was Rs. 4,49,584 or Rs. 3,003 more than in the preceding year. The municipalities of Garden Reach, Jessore, Baranagar, Tollygunge and Kamarhati increased their expenditure under this head, while those of Khulna, Berhampore, South Dum Dum and Budge Budge spent less than in the preceding year.

The municipalities in the Dacca Division spent an amount of Rs. 2,02,354 against Rs. 2,02,625 in the preceding year. There were a marked fall of expenditure in Narayanganj and Barisal and considerable increases in Faridpur due to the extension of the waterworks, and in Patuakhali due to increased expenditure on fees for analysis and electric charges.

The expenditure on water-supply in the Chittagong Division remained practically stationary (Rs. 1,17,508). The Commissioner of the Chittagong Division has observed that the supply of water in the Chittagong municipality was not sufficient to cope with the demand and that those who lived on high lands had long been suffering inconvenience due to low pressure of water.

The total outlay on water-supply in the municipalities of the Rajshahi Division fell from Rs. 1,69,064 to Rs. 78,826

during the year under review, the Darjeeling municipality alone spending Rs. 97,798 less than in the preceding year. But in spite of this decrease in the total expenditure under this head in the division as a whole, the percentage of total expenditure devoted to water-supply increased in all the individual municipalities with the exception of Sirajganj and English Bazar.

10. Conservancy.—The expenditure on conservancy increased from Rs. 24.23 lakhs in the preceding year to Rs. 24.69 lakhs during the year under review and represented 23.98 per cent. of the total ordinary expenditure of the municipalities. The Tollygunge municipality was responsible for an increase of Rs. 14,251 due to the purchase of tractors and trailers and the construction of a municipal pail depôt for the disposal of night soil by modern mechanised system.

The conservancy of the Dacca City continued to be a source of anxiety to the administration which experienced difficulty in properly maintaining the dumping depôts and in disposing of night soil in several depôts due to an inadequate supply of water for flushing purposes—the pressure in the street mains at these points being very low. The problem of disposal of sludge from the septic tank and the detritus tank, was, however, solved by excavating two new sludge digestion tanks. The conservancy system in Chittagong left much room for improvement. The system of removing night-soil in the Comilla municipality was quite unsatisfactory and the question of removal by motor lorry engaged the serious attention of the municipal commissioners.

11. Drainage.—The total amount spent on drainage was Rs. 5.19 lakhs representing an increase of Rs. 70,908 over the expenditure in the preceding year. The expenditure under "Capital outlay" was Rs. 1.66 lakhs while that under the "Establishment, repairs, etc." amounted to Rs. 3.53 lakhs.

The Raniganj municipality constructed a new pipe line up to a length of 1,200 feet from the cooly line of Messrs. Burn and Company, which made a free gift of the pipes to the municipality. The Serampore municipality executed the Chatra outfall which is reported to have made this part of the municipality more healthy and clean. In Dacca, a scheme for surface drainage was prepared at an estimated cost of about

Rs. 15,000 and the major portion of the work was executed during the year under review. The Darjeeling municipality spent an amount of Rs. 10,200 in laying sewer mains on some important roads and also a sum of Rs. 3,000 in maintaining the surface and Jhora drains.

12. Lighting.—The total outlay on lighting decreased from Rs. 9.12 lakhs in the previous year to Rs. 8.14 lakhs during the year under review due principally to a net decrease in expenditure amounting to Rs. 1.24 lakhs in the Rajshahi Division, the Darjeeling municipality alone being responsible for a decrease of Rs. 1.27 lakhs, for which no explanation has been given.

The Burdwan municipality incurred an additional expenditure of Rs. 6,202 under this head due to the re-installation of electric street lights, which were not in existence during the two preceding years. The expenditure at Dacca decreased by Rs. 4,372 owing to the reduction of the rate for current provided by the Dacca Electric Supply Company. No lighting rate was imposed by the Pabna municipality although its financial condition was not quite satisfactory.

13. Public Health.—The municipal authorities generally showed considerable interest and energy in matters relating to public health and sanitation in their respective areas. There was, however, a slight decrease in the expenditure on account of the municipal health officers and sanitary inspectors which fell from Rs. 2.43 lakhs to Rs. 2.41 lakhs, while the total outlay on hospitals and dispensaries and on other sanitary measures also fell from Rs. 4.76 lakhs to Rs. 4.66 lakhs and from Rs. 1.49 lakhs to Rs. 1.34 lakhs, respectively.

Cholera and small-pox broke out in an epidemic form in a few municipalities but were mostly brought under control by the timely adoption of preventive measures. The Public Health Department also sent their experts to help in dealing with the situation in Naihati and Bhatpara municipalities arising out of an epidemic of small-pox. Sporadic cases of cholera and small-pox occurred, as usual, in several towns but were generally promptly dealt with by the municipal authorities.

A permanent staff of vaccinators was maintained by most of the municipalities and free vaccination was given, as usual, at fixed stations and, in some municipalities, also at the houses of the ratepayers.

Anti-malarial measures on approved lines were adopted by a number of municipalities. The Bally municipality carried out anti-malarial works in co-operation with the East Indian Railway administration at Lilooah with the result that there was practically no case of malaria during the year and the general public health was good. An experimental five-year anti-malarial scheme financed from grants from Government and the Rockefeller Foundation in equal shares and covering the town of Jessore and its environments, was undertaken by the Public Health Department and a fair progress has been made in checking the disease. Anti-malarial measures were conducted by the staff of the Dacca Anti-malarial Committee, an independent organisation, supported by contributions from Government, the District Board, the University, the Dacca Club and from other sources. The work of the Committee was of great benefit to the Dacca municipality. As in the previous years, most of the municipalities took steps for the improvement of the general sanitation of the towns by cutting down roadside jungles, disinfecting tanks and ditches, and by issuing notices on private persons for clearing their lands of weeds, jungles and other insanitary vegetation.

Anti-rabic treatment was undertaken, as usual, by several municipalities. Special arrangements for the treatment of kala-azar and leprosy were made by the municipalities of Krishnagar and Nawadwip. Krishnagar maintained a tuberculosis clinic and Nawadwip carried on anti-tuberculosis propaganda in every school in order to guard against the disease. The leprosy clinic at Berhampore also worked satisfactorily. At Kurseong, 60 new cases of tuberculosis were detected by the Health Visitor during the year under review and the persons affected were either removed to hospital or given necessary instructions.

Municipal authorities were also not unmindful of their duties in regard to maternity and child welfare. Several municipalities organised dai-training

classes—the *daits* being supplied with necessary equipment after the completion of the usual course of lectures and practical training. A maternity centre was established at Hooghly-Chinsurah and the Narayanganj Mahila Samiti organised an exhibition with the co-operation of the district board.

An X-ray Ward at an estimated cost of over Rs. 15,000, was under construction in the Sadar Hospital at Comilla and for this purpose a donation of Rs. 12,500 was received from Mr. A. C. Sen of Chunta.

The administration of the Food Adulteration Act continued to be uneven and inadequate as in the preceding years in almost all municipalities except a few in which the municipal authorities showed commendable vigilance and energy in detecting and prosecuting the dealers of adulterated food-stuffs.

14. Public Works.—The total outlay on public works decreased slightly from Rs. 16.31 lakhs to Rs. 16.25 lakhs during the year under review. In the Burdwan Division, the expenditure fell from Rs. 5.08 lakhs to Rs. 4.83 lakhs due principally to a fall of Rs. 28,922 in the expenditure on "Roads" and of about Rs. 16,000 in that on "Establishment" in the Howrah municipality for which no explanation has been given.

The expenditure under this head increased from Rs. 4.27 lakhs to Rs. 4.51 lakhs in the Presidency Division. Noticeable increase occurred in Garden Reach (Rs. 40,917), Baranagar (Rs. 25,063) and Tollygunge (Rs. 12,122). The increase in Tollygunge was due to the construction of a better class of roads in all the wards, while that in Baranagar was due to repairs to all the main roads. No explanation has been furnished for the increase in Garden Reach.

In the Dacca Division, the expenditure on public works decreased from Rs. 2.76 lakhs to Rs. 2.57 lakhs and Dacca (Rs. 36,129), Narayanganj (Rs. 3,924) and Barisal (Rs. 1,956) were mainly responsible for this. The decrease in Barisal is reported to have been due to paucity of funds but no explanation has been offered for the decreases in Dacca and Narayanganj.

The expenditure, however, rose from Rs. 0.96 lakhs to Rs. 1.16 lakhs in the Chittagong Division, the increase occurring mainly under the head "Roads".

The commissioners of the Chittagong municipality paid greater attention to the improvement of communications and spent a much larger amount than in the preceding year with the help of the grants from the Motor Vehicle Tax Fund. The road problem of this municipality is reported to be serious owing to neglect in the past and demands the serious consideration of the municipal commissioners.

The expenditure decreased in the Rajshahi Division from Rs. 10.08 lakhs to Rs. 9.44 lakhs and represented 21.6 per cent. of the total expenditure. Though the total expenditure on public works decreased, the expenditure on "Roads" increased from Rs. 1.55 lakhs to Rs. 1.81 lakhs, as many as 9 municipalities sharing in the increase. The Kurseong municipality took up the construction of a park on the Dow Hill Road. The Darjeeling municipality purchased land from the Cooch Behar State for the Brabourne Park and metalled the Lebong Circular Road. In spite of the increased expenditure, the condition of the roads in many municipalities is reported to have been very poor and unfit for modern traffic. This aspect of the problem requires serious attention of the municipal authorities.

15. Audit of Accounts.—The accounts of all the municipalities were audited by the Examiner of Local Accounts, Bengal, and his staff during the year under review and no case of embezzlement or misappropriation was brought to light except a case of fraudulent remission of taxes by a collecting sarkar of the Dinajpur municipality. The municipal commissioners adequately dealt with the matter and dismissed the sarkar from service. The loss of Rs. 282-15-0 was recovered from the security deposit and the provident fund deposit of the collecting sarkar.

The audit notes disclosed various objectionable irregularities in the accounts of the Krishnagar and the Chittagong municipalities, the financial position of which, as well as that of Santipur, showed no satisfactory improvement.

Repetition of irregularities of the same nature and delay in attending to the audit objections still continued in some of the municipalities. Government trust that the municipal authorities will take steps to avoid the recurrence of

such irregularities, which are mostly due to either neglect or a lack of proper appreciation of the law and the account rules.

16. General Remarks.—The reports of the Commissioners of Divisions do not reveal an encouraging picture of the municipal administration in the Province.

Finance, as usual, was the weakest point in the municipal administration and was responsible for most of the ills. But much of the financial difficulties of the municipal authorities was of their own creation and was due to laxity in collection which in its turn was due in most cases to the unwillingness of the municipal commissioners to take coercive measures for fear of unpopularity.

This state of things has led one Divisional Commissioner to remark that the time has come for considering seriously whether the Collection Departments of all the municipalities should be superseded and placed under the charge of Special Officers selected for the purpose. He thinks that the expense incurred on account of the Special Officers will be small in comparison with the additional income that will accrue and that the proposal cannot be assailed as derogatory to the status of the municipalities as self-governing institutions as the bulk of the income of the district boards is collected on their behalf by Government.

No administration can claim credit for merely maintaining the *status quo* and the municipal commissioners should be alive to their duties and responsibilities and also to the importance of initiative and judicious planning on scientific lines for the development of the towns under their care. The municipal authorities generally have failed to take full advantage of the larger powers of taxation conferred by the present Bengal Municipal Act and the incidence of municipal taxation has remained very low as a result of their aversion to resort to increased taxation for fear of unpopularity.

Party-faction was a depressing feature in some municipalities. Government cannot too strongly impress on the commissioners of these municipalities the supreme importance of subordinating their personal or party interests to the

greater cause of the welfare and amelioration of the condition of the inhabitants of the towns placed under their care.

Public Health during the year under review was generally good in most of the municipalities. The zeal shown in combating the epidemics reflect credit on the municipal authorities. The administration of the Bengal Food Adulteration Act, however, still calls for more vigorous efforts on the part of the municipal authorities in order that dishonest trading in adulterated food-stuffs may be brought under effective control.

The municipal authorities generally showed keenness in the matter of primary education of children within their respective limits. The commissioners of the Chittagong municipality deserve special credit for having completed their scheme of free primary education after continuous struggle for 15 years.

None of the municipalities in the province with the exception of a few have paid any serious attention to the question of protection against fire. In the opinion of Government, each of the larger municipalities should be equipped with suitable fire-fighting appliances.

Conservancy in many municipalities was inadequate and run on unsound financial lines. The municipal authorities should make a determined effort to improve the service and to make it as nearly self-supporting as possible.

The names of the following gentlemen have been specially brought to the notice of Government on account of their public-spirited work during the year under review :—

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Ramna, Dacca. the 29th July 1941.

**Forecast of the Summer Til (Sesamum)
Crop of Bengal, 1941-42.**

(*Note*.—On an average of the five years ending 1939-40, the area under *til* in Bengal has represented some 3·7 per cent. of the total area under *til* in India.)

Character of the season.—Sowing commenced generally in normal time. Prolonged drought from the sowing time onward and heavy and continuous rainfall afterwards, retarded the growth of the crop. Extensive

damage was also caused by flood, cyclone and hailstorm at places in Dacca and Chittagong Divisions.

Acreage.—The area sown this year is estimated at 131,200 acres as against 127,100 acres last year.

Outturn.—From the District Officers' estimates, the average outturn of the crop for the province works out at 65 per cent. of the normal this year as against 72 per cent. last year.

Taking the normal yield at $7 \frac{1}{20}$ th maunds per acre, the gross outturn of the crop for the province is estimated at about 22,100 tons this year as against 23,700 tons last year.

STATEMENT OF OBJECTS AND REASONS.

The Bengal (Rural) Primary Education Act, 1930, has gradually been brought into effect from the year 1934, and defects have come to light as the result of actual experience. In particular it has been found that there is no provision for the representation of ladies in the Central Primary Education Committee, there is no provision by which representation may be given to special interests in any areas, and the representation of local interests appears likely to suffer when Local Boards come to be abolished. These and other minor defects are intended to be removed by the present Bill.

2. Notification No. 931Edn., dated the 17th April 1939, published in the *Calcutta Gazette* of the 27th April 1939, Part 1, page 1046 is hereby cancelled.

Draft Rules.

1. In these rules—

(a) “Magistrate” means the Magistrate of the district or any Magistrate subordinate to the Magistrate of the district to whom he may delegate any of his powers under these rules;

(b) “the Act” means the Bengal (Rural) Primary Education Act, 1930;

(c) “election” means an election held under clause (i) of section 6 of the Act;

(d) “teacher” means a teacher, male or female, of any primary school as defined in clause (15) of section 2 of the Act.

2. All disputes arising under these rules shall be decided by the Magistrate and his decision shall be final.

3. An election under these rules shall be held by such date as may be fixed in this behalf by the Provincial Government under section 7 of the Act.

4. All teachers of primary schools shall be entitled to have their names included in the register of voters for an election. A register of such voters shall be prepared by the Magistrate at least five months before the date fixed under section 7 of the Act for the election. The register shall contain the postal addresses of all persons included therein.

5. The register shall then be published in the district, subdivision, thana offices and at such other places as appear suitable to the Magistrate. Any teacher whose name does not appear in the register and who claims the right of voting, or any teacher who considers that any name in the register ought to be removed, may, within three weeks of the publication of the register, apply in writing to the Magistrate stating the grounds of his application for the insertion of his name in or the removal of such name from the register, as the case may be, and the Magistrate shall decide such application on a date to be previously intimated to the teachers concerned and his decision shall be final and he shall cause the register to be amended in accordance therewith. The register of voters as so amended shall be deemed to be the final register of voters for the election, and no teacher whose name is not for the time being included in such register shall be entitled to vote at the election. The final register of voters shall be published at least twelve weeks before the date fixed under section 7 of the Act for the election.

6. Any teacher whose name is included in the final register of voters shall be qualified to stand as a candidate for the election.

7. The Magistrate shall, as soon as the final register of voters is published, issue notices calling for nomination of candidates. Such notices shall be published at the office of every union board, union committee or President Panchayet and at every primary school. Within four weeks from the date of publication of the notices, every teacher who is a candidate for election shall send his name to the Magistrate together with the necessary particulars filled up in the nomination form given in Appendix A to these rules. His nomination must be supported by three voters whose names appear on the dates on which they sign the form in the register of voters prepared for the district. No names of candidates shall be received after the expiration of the said four weeks and no nomination shall be held to be valid unless the nomination form is properly filled in.

8. Every candidate shall submit with his nomination form a chalan showing that he has deposited a sum of Rs. 10 in a Government treasury in favour of the board. No nomination form, which is not accompanied by such a chalan, shall be taken into consideration by the Magistrate.

9. The Magistrate, after scrutiny of the nominations shall announce the names of the eligible candidates and a list of such candidates shall be published at least six weeks before the date by which the election is to be held at such places as the Magistrate considers suitable. No candidate whose name does not appear in such list shall be considered eligible for election.

If the number of the candidates mentioned in the list published under this rule is not greater than one, the Magistrate shall declare the candidate to be duly elected.

10. A candidate who is not elected and has failed to receive ten per cent. of the total number of votes recorded in the district, shall forfeit the deposit made by him under rule 8:

Provided that in case a candidate is declared ineligible he shall get refund of his deposit money.

11. If the number of such candidates is greater than one election shall be held by the date referred to in rule 3.

12. (1) The Magistrate shall immediately fix for such election—

- (a) a date at least three weeks before the date fixed for election on or before which the Magistrate shall send ballot papers under sub-rule (1) of rule 13 to the voters by registered post;
- (b) a further date before 5 p.m. of which the covers containing ballot papers with the votes recorded on such papers sent by the voters under sub-rule (2) of rule 13 shall reach the Magistrate.

(2) The Magistrate shall also appoint a date, time and place for the counting of votes and shall give notice thereof in writing to the candidates so that the candidates or their authorised agents may attend the proceeding.

(3) The date so fixed shall be published as widely as possible throughout the district.

13. (1) On or before such date as may be fixed under sub-rule (1) of rule 12 the Magistrate shall send by registered post to each voter a ballot paper in the form given in Appendix B annexed to these rules, and shall enter on the counterfoil of each ballot paper the name of the voter to whom the ballot paper is sent. With the ballot paper the Magistrate shall send a cover addressed to himself, an envelope with the number of the ballot paper entered on its face and a letter in the form given in Appendix C annexed to these rules. The Magistrate shall have the number of the ballot paper entered at the left-hand bottom corner of the cover. The ballot paper together with the cover, envelope and letter, shall be sent to the address of the voter as shown in the register.

(2) A voter, on receipt of his ballot paper, if he desires to vote in the election, shall record his vote thereon, sign the declaration on its back and obtain the attestation of his signature and declaration but not of his vote by the President or a member of the union board, or a member of the union committee or the Panchayet.

The voter shall then place the ballot paper in the envelope, close the envelope, and enclose it in the cover to the Magistrate in accordance with the instruction contained in the letter so as to reach him before 5 p.m. on the date fixed in this behalf under clause (b) of sub-rule (1) of rule 12. Any cover which is not received by the Magistrate before 5 p.m. on the date so fixed shall be rejected.

14. The Magistrate shall, on the day and at the time and place appointed under sub-rule (2) of rule 12, scrutinise all the ballot papers sent by post under sub-rule (2) of rule 13 and shall separate the ballot papers which he deems valid from those which he rejects endorsing on the latter the word "rejected" and the ground of rejection. He shall then count the votes given to each candidate and shall record a note in his own hand stating which of the candidates has received the largest number of valid votes and declare such candidate to be duly elected.

If the Magistrate for some unavoidable cause fails to proceed with the scrutiny on the appointed date, he shall adjourn the proceeding to another date and the candidates or their agents shall be informed of such date.

15. In the case of an equal number of votes being recorded in favour of two or more candidates, selection shall be made from such candidates by lot in such manner as the Magistrate shall deem fit and thereupon the candidate thus selected shall be declared to be duly elected.

16. The name of the elected candidate shall be forwarded by the District Magistrate to the Provincial Government for publication in the *Official Gazette*.

17. No election shall be invalidated on account of any irregularity whatever unless it appears that the irregularity was such as materially to affect the results of the election.

18. All costs incurred for the preparation of the register of voters, the publication of notices, sending of ballot papers or other connected papers or taking any other necessary action under these rules shall be payable from the District Primary Education Fund.

19. In the case of a casual vacancy occurring under section 12 of the Act on account of the removal, resignation or death of the elected member, the vacancy shall be filled by election in the manner provided in these rules, but no register of voters shall be prepared or published under rule 4 or rule 5 and the register of voters used at the election of the member whose place is proposed to be filled by the bye-election shall be treated as the register of voters for such bye-election, and the Magistrate shall, as soon as may be after the date referred to in section 7 of the Act has been fixed by the Provincial Government, issue the notices referred to in rule 7.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 3175L.A.—8th August 1941.—The following report of the Select Committee on the Bengal Markets Regulation Bill, 1941, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

K. ALI AFZAL,
Secy. to the Bengal Legis. Assembly.

Report of the Select Committee on the Bengal Markets Regulation Bill, 1941.

We, the members of the Select Committee, to which the Bengal Markets Regulation Bill, 1941, was referred by a motion carried in the Bengal Legislative Assembly on the 3rd April, 1941, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. Matter recommended by us to be deleted has been printed in italics and enclosed in square brackets and new matter proposed to be inserted has been underlined.

The Committee met for the first time at Darjeeling on the 2nd June, 1941, and from time to time thereafter till the 7th July, 1941, on which date they concluded their deliberations on the Bill. The Bill was published before introduction in the *Calcutta Gazette* of the 30th January, 1941.

The Bill has not, in our opinion, been so altered by our recommendations as to require republication.

The reasons for the changes recommended by us excepting those of a mere drafting or purely consequential nature are briefly as follows:—

Clause 2.

Sub-clause (1) (c).—The slight amendment in this sub-clause has been made by us for making the intention clear.

Sub-clause (1a).—We found it necessary to insert this new definition in view of the frequent use of the expression "Calcutta area" in the Bill.

Sub-clause (2).—The amendment here is of a purely drafting nature.

Sub-clause (3).—The definition of "market" has been recast and amplified by us.

The new sub-clause (a) has been introduced as we were of the opinion that provisions of the clauses mentioned therein should apply to all markets irrespective of the locality in which they are situated or the persons or bodies by whom they are managed.

In view of multifarious complications involved, it was found difficult to propose a comprehensive definition of market for the Calcutta area. We considered it expedient, therefore, to leave it in the hands of the Government to notify the particular places, buildings, blocks of building, enclosures or other areas which should be treated as markets in Calcutta area for the purposes of this Act.

Besides these two material alterations we have included *melas*, which are held for more than three consecutive days, in the category of markets.

The rest of the alterations in the definition are of a drafting nature only.

Sub-clause (6).—"Trade allowance" has been defined in this new sub-clause to avoid any ambiguity in the meaning of the expression as used in this Bill.

Clause 2A.

In this new clause we have provided for registration of all markets and renewal thereof every three years, free of charges, so that a complete and up-to-date list of all existing markets may be readily available.

Clause 3.

The amendment in this clause is intended to give the power of classification of markets to the Subdivisional Magistrate who would, in our opinion, be more suitable than the District Magistrate for the purpose, being in closer touch with local affairs. The provision for appeal against his decision is expected to be a sufficient safeguard.

There being no "Subdivisional Magistrate" in the Calcutta area we have made a clear provision for appointment by the Provincial Government of an equivalent officer for exercise of similar functions in that area.

Sub-clause (2).—Gross income was, in our opinion, a more appropriate standard than net income for the purpose of this clause and we have recommended the necessary alteration accordingly.

Sub-clause (4).—The amendments here are consequential on the amendments in sub-clause (1).

Clause 4.

Sub-clause (1).—We thought it expedient to empower the Provincial Government to extend the time limit, if necessary, for the purpose of avoiding any possibility of administrative and other difficulties.

The proviso has been inserted as we did not consider it advisable to interfere with the local bodies who usually permit establishment or continuance of markets, fairs and *melas* within their jurisdiction.

Sub-clauses (2) and (3).—The amendments here are intended to supply omissions. We have provided for the Government to prescribe the authority to whom and the manner in which an application for licence and renewal thereof should be made.

In sub-clause (4) we have raised the maximum limit of fees payable for grant or renewal of licence from five rupees to fifty as in our opinion the amount of such fees should have some bearing on the amount of profit derived from the markets by the proprietors and in some cases such profits are enormous.

Clause 5.

Sub-clause (2)(c).—This sub-clause has been curtailed in view of the specific provisions inserted in the proposed new sub-clause (4) of clause 7.

The original sub-clause (d) has been omitted by us as undesirable in view of the fact that the proprietor of a market has nothing to do with "trade allowance" nor has he got any power to prevent any improper payment or realisation thereof.

In this revised sub-clause (e) we have thought fit to make it incumbent on the proprietor to provide for adequate "space" and have made our intention, in this respect, clear in the explanation added. Further we have excluded any reference to "income derived from the market" in this sub-clause as well as in sub-clauses (f) and (g) to avoid any possibility of undesirable complications.

Sub-clauses (h), (i) and (j) have been deleted from this clause and the provisions thereof embodied more appropriately in the new clauses 11, 11A and 11B.

Clause 6.

Sub-clause (1).—We have omitted the Panchayet from sub-clause (1) as unnecessary but have brought in the District Board which appeared to us to be a more suitable body for exercise of the functions under this sub-clause. The provisions in sub-clause (5) in relation to the Corporation of Calcutta have been amalgamated with those in this sub-clause for the purpose of better drafting.

Sub-clause (3).—The amendment is intended to avoid any conflict with the provision of sub-clause (2) of clause 7.

New sub-clause (4).—In the substituted sub-clause we have given the proprietor a right of appeal as this seemed to be necessary in the interest of justice. Apart from this, this is only a redraft of the old sub-clause (4).

Sub-clause (5).—The omission of this sub-clause is consequential on the amendment in sub-clause (1).

Clause 7.

Sub-clause (1).—The amendment in this sub-clause has been intended to cover cases within the Calcutta area.

Sub-clause (2).—Although the power to fix a fee ordinarily implies a power to revise it we thought it desirable to add the words at the end of this sub-clause to avoid any possible doubt in the matter.

The new proviso has been added as we have thought it proper to empower the Provincial Government to make the necessary rules for exemption, from payment of fees or charges, such agricultural produce as by their nature or quantity deserve such special consideration.

Sub-clause (4).—In this new sub-clause we have prohibited unauthorised collection of any kind in the markets. We have also provided for granting of receipts for all realisations of one anna or more with a view to avoid malpractices in this direction as far as practicable.

Clause 8.

We considered the original sub-clause (1) inadequate and have modified it and inserted the new sub-clause (1a) for making the provisions comprehensive and applicable to all commodities instead of agricultural produce only. While we have agreed to leave it to Government to declare generally, by rules, the particular kinds of trade allowance that may be treated as unobjectionable, we thought it expedient to make permissible the realisation of certain trade allowances under particular circumstances which have the sanction of long-standing business practice, but have preferred to prohibit realisation of any such allowance when the transaction of sale is based on inspection only.

Sub-clause (2).—The amendments here are consequential on the earlier amendments in the clause.

Clause 9.

As we thought personal attendance of the proprietor unnecessary for the purpose of this clause we have excluded the provision relating to such attendance.

Clause 10.

The old clauses 10 and 11 have been combined in the revised clause 10.

New clauses 11, 11A and 11B.

These new clauses embody the provisions that were originally in the deleted sub-clauses (2)(h), (i) and (j) of clause 5 with slight alterations in drafting.

Clause 12.

The powers under this clause being of a rather important nature we have provided that a Subdivisional Magistrate should exercise them only when authorised by the District Magistrate for the purpose.

Clause 13.

The proviso to the clause has been inserted for collaboration with the District Board in taking any action under this clause. This is intended to keep the District Boards in touch with the affairs of the markets and to avoid any conflict with the existing statutory rights of the Board.

~~Clause 18A~~

The object of the amendment here is to give an additional remedy to a party aggrieved by the order of an appellate authority.

Clause 17.

The words "for agricultural produce" have been omitted to remove unnecessary restriction on the powers of the Provincial Government in the matter of establishment and maintenance of markets.

New clause 18A.

We were of the opinion that any interference by the Civil Courts, with the administrative matters mentioned in this clause might lead to undesirable complications. We have, therefore, prohibited any Civil Suit or proceeding in connexion with these matters.

Clause 19.

All the amendments in this clause are consequential on the amendments proposed by us in the earlier provisions of the Bill.

Clause 21.

The amendments here have been inserted, by way of supplying omissions, to provide suitable punishments for non-compliance with the obligatory provisions of the Bill.

The Committee have examined with some care the question of possible conflict between some of the provisions of this Bill relating to regulation of markets with provisions in the Bengal Act III of 1885, Bengal Act V of 1919, Bengal Act XV of 1932 and Bengal Act III of 1923 on the same subject. Attempt has been made to avoid such conflict as far as practicable. It has not, however, been possible to make the Bill absolutely free from a charge of transgression. We hope, however, that it will be possible to eliminate any actual difficulty by administrative adjustments and, if necessary, by suitable further legislation on the basis of practical experience derived from the working of the Bill when it comes into operation.

DATED CALCUTTA;

The 17th July, 1941.

Minute of dissent by the Hon'ble Mr. Tamizuddin Khan.

I have signed the report subject to the condition that I reserve my opinion on the recommendation of the Select Committee enhancing the maximum amount payable as fee under clause 4(4) from Rs. 5 to Rs. 50.

Joint minute of dissent by Khan Sahib Hamiduddin Ahmed, M.L.A., and Mr. Giasuddin Ahmed, M.L.A.

1. The Bill ought to have provisions to govern all the markets uniformly throughout the province. After making necessary amendments of the relevant sections of the Calcutta Municipal Act, the Bengal Municipal Act and the Local Self-Government Act concerning markets and their control, the Government could give effect to such a comprehensive law. Conflicts are inevitable so long dual control is allowed.

2. There being provision of exemption of licence fee in clause 4(5) we hold that the maximum limit of such fee should be one hundred rupees or 1 per cent. of the annual gross income derived out of the market whichever is greater [4(4)] and markets having annual gross income of less than twenty-five rupees should be exempted from payment of licence fee but in no case the fee will be less than eight annas.

3. To stop abuse the Bill provides granting of receipts for realisation of market fee up to one anna in clause 5(c) and for the same purpose we are of opinion that receipts should be granted for realisation of any amount as market fee.

4. District Boards and Union Boards or Union Committees, as the case may be, having no separate jurisdiction, it is not expedient to give the same function to the parent body as well as the subordinate one to be exercised over the markets within their common jurisdiction. The subordinate bodies being in closer touch with the local affairs the functions as prescribed in clause 6(1) should be entrusted to Union Boards or Union Committees rather to the District Board.

5. We are also of opinion that like many other foreign countries our province also should have separate laws for different agricultural produce and that agricultural produce such as jute and paddy which have got great commercial value and the sale proceeds of which form the bulk of the purchasing of the general body of the agriculturists of this province should have been tackled first and the present Bill should have dealt with them alone.

6. Further we reserve the right to move any amendments to the provisions of the Bill that we consider proper.

Further minute of dissent by Mr. Giasuddin Ahmed, M.L.A.

Clause 8.—In clause 8 too much latitude has been given in the matter of deduction permissible under the proviso to sub-section (1a).

In my opinion Government should be empowered to frame rules for controlling the rates of such deduction, and there should be specified provision to this effect in the Bill, otherwise the sellers specially the poor agriculturists will be put under much difficulty.

Joint minute of dissent by Messrs. C. Morgan and I. G. Kennedy, M.L.As.

Clause 2(3).—We desire to know how Government propose to get over the difficulty of dual control.

Clause 8(1), 4th line.—The words "or at the residence of the seller or at any other place" require explanation.

Clause 9.—This is too wide and information and documents should be confined to "Transactions within the market".

Clause 17(1).—In our opinion the Provincial Government should not have power to establish any market within a certain distance of established markets, the management of which is considered satisfactory.

We reserve to ourselves the right to move any amendments which we may consider necessary.

Minute of dissent by Khan Bahadur Fazlul Qadir, M.L.A.

I sign the report subject to the following minute of dissent:—

(1) **Clause 4, sub-clause (4).**—Original proposal of the Government "Five rupees" should stand and no charge should be made.

(2) **Clause 5, sub-clause 2(c).**—Last 3 lines commencing from the words "and receipts" should be changed as follows:—

"and receipt shall be granted for realisation of such fees and charges in case of sale of animals only".

Minute of dissent by Mr. D. P. Khaitan, M.L.A.

I have signed the Select Committee Report subject to the reservation that I may move such amendments when the Bill is considered in the Assembly, as I may consider to be necessary.

I am afraid that the provisions of the Bill are liable to be used too harshly against the proprietors of the markets. For example, sufficient safeguard should be provided in clause 5(2) that improvements mentioned therein should have due relation to the net income derived from the market. Furthermore, I fear that the Bill leaves room for too frequent complaints to be made against the landlord. The result may be that this will require too frequent attendances before the authorities. It will be better if arrangements be made in the Bill itself that the provisions may not be used too oppressively against the landlord. The markets serve a useful purpose for the people, a fact which should not be lost sight of.

Minute of dissent by Mr. Yusuf Ali Choudhury, M.L.A.

Clause 13—Proviso.—In this proviso the agency of the District Board is going to be employed by the District Magistrate for any necessary improvement in respect of any matter referred to in clauses (e) and (f) of sub-section (2) of section 5 of this Bill. The District Board is already empowered by the Local Self-Government Act, section 100C, to make an order requiring "the owner or lessee of a private *hāt* or market to make proper sanitary arrangements and to remove any insanitary conditions within such *hāt* or market". Here the provision of this Bill is going to interfere with the provision of the Local Self-Government Act inasmuch as a dual control is imposed upon the proprietors, etc.

Resolution reviewing the reports on the working of District and Local Boards in Bengal during the year 1939-40.

GOVERNMENT OF BENGAL.

Department of Public Health and Local Self-Government.

Local Boards.

RESOLUTION—No. 873L.S.-G.

Calcutta, the 28th June 1941.

READ—

The reports of the Commissioners of Divisions on the working of district and local boards in Bengal during the year 1939-40.

1. District Boards.—The number of district boards remained the same (i.e., 26) as in the preceding year with a total number of 694 members of whom 447 were elected and the rest, including 86 officials, were appointed. The district board of Bankura was reconstituted during the year under review. As in previous years, the district board of Darjeeling continued to be presided over by an official Chairman in the person of the Deputy Commissioner appointed by Government. The district board of Jessore was presided over by an appointed non-official, while the remaining district boards elected their own Chairmen.

The Boards held altogether 385 meetings of which none proved abortive for want of a quorum but 24 meetings were adjourned as against 26 in the preceding year. Of these adjourned sittings, 15 in the Rajshahi Division were due to the fact that all the subjects in the agenda of those meetings could not be finished and one in the district of Rajshahi was adjourned as the date

was declared by Government as a public holiday on account of the Id.

The average percentage of attendance of members at meetings was the highest in Bankura (91) and lowest in Malda (63). The average percentage of attendance of official members was the highest (viz., 96·4) in Jalpaiguri and the lowest (viz., 40·5) in Malda.

2. Local Boards.—The total number of local boards in the Province decreased from 74 in the previous year to 70 in the year under review due to the abolition of local boards in the district of Rangpur. The number of members consequently fell from 1,248 to 1,192 consisting of 766 elected and the rest, including 65 officials, nominated by Government. All the local boards, except 3, were presided over by non-official Chairmen.

3. Union Committees.—The Hajipur Union Committee, in the district of 24-Parganas having been replaced by a union board, there existed only two such Committees in the Province during the year under review. Of these two, the Committee at Alipore Duars in the district of Jalpaiguri worked satisfactorily and introduced a street lighting scheme besides making preliminary arrangements for conservancy work. The work of the other Committee at Takdah in Darjeeling was carried out by seven nominated members.

4. Financial Features.—The total receipts of the district boards during the year under review, excluding opening balances, amounted to Rs. 165·54 lakhs as against Rs. 159·24 lakhs in the preceding year. The increase in income was mainly due to larger receipts under "Miscellaneous" which rose from Rs. 7·08 lakhs to Rs. 9·89 lakhs under "Local Canal receipts" from Rs. 32,010 to Rs. 42,165, and under "Debt" from Rs. 14·87 lakhs to Rs. 25·58 lakhs.

The total expenditure chargeable to current income, however, decreased from Rs. 156·06 lakhs in the preceding year to Rs. 154·29 lakhs in the year under review due mainly to decreases in expenditure under "Education" from Rs. 26·01 lakhs to Rs. 23·29 lakhs,

under "Scientific and Other Minor Departments" from Rs. 2.72 lakhs to Rs. 1.47 lakhs, under "Superannuation Allowances and Pensions" from Rs. 2.84 lakhs to Rs. 2.67 lakhs and under "Miscellaneous" from Rs. 1.79 lakhs to Rs. 1.53 lakhs. On the other hand, there was increased outlay under some of the principal heads of expenditure, the most noticeable being that under "Famine Relief" which rose from Rs. 2.82 lakhs to Rs. 7.04 lakhs. The total balance at the close of the year was Rs. 39.42 lakhs against Rs. 47.73 lakhs in the preceding year.

5. Education.—The income and expenditure of the district boards under this head fell from Rs. 9.38 lakhs to Rs. 8.66 lakhs and from Rs. 26.01 lakhs to Rs. 23.29 lakhs respectively, during the year under review, owing chiefly to the transfer of primary education to the district school boards in certain districts of the Burdwan, Presidency, Dacca and Chittagong Divisions.

The total number of upper primary schools maintained by the district boards was 433 attended by 21,278 boys and 2,559 girls against 583 schools with 26,727 boys and 3,426 girls in the previous year. The number of lower primary schools maintained by the Boards, however, increased from 770 schools with 32,864 boys and 6,581 girls to 1,014 schools attended by 44,710 boys and 8,582 girls. This increase was principally due to the establishment of 91 Board's lower primary schools in the Rajshahi district and 161 in Pabna.

The number of upper primary schools aided by the Boards also decreased from 10,855 with 387,556 boys and 103,178 girls to 9,538 schools attended by 376,973 boys and 97,271 girls. On the other hand, the number of aided lower primary schools increased to 11,407 with 288,878 boys and 107,706 girls, the corresponding figures for the preceding year being 9,883 schools with 240,061 boys and 79,179 girls.

Although the number of middle schools maintained by the Board remained stationary, viz., 42, the number of students attending them increased from 4,699 in the previous year to 4,810 during the year under review. The number of middle schools aided by the Boards, however, increased from 1,406 to 1,437 with a corresponding increase

in the number of students from 137,978 to 144,483. As in the preceding years, no high school was maintained by any of the Boards, but the number of such institutions aided by the Boards increased from 14 to 20. The number of students attending them also increased from 3,563 to 4,206.

The number of industrial schools maintained by the Boards remained the same (5) as in the previous year while the number of other schools maintained by the Boards remained unchanged. The numbers of industrial and other schools aided by the Boards were 83 and 1,162, respectively, as against 74 and 1,162, respectively, in the previous year. The Boards continued to grant scholarships or stipends to students attending technical schools or colleges.

6. Public Health and Medical Relief.—There was an increase both in the income and the expenditure of the district boards under this head (which includes sanitation and vaccination) the amounts being Rs. 19.61 lakhs and Rs. 42.16 lakhs, respectively, against Rs. 19.46 lakhs and Rs. 42.11 lakhs, respectively, in the preceding year.

The total number of dispensaries maintained by the district boards increased from 713 to 721 but the expenditure incurred on them decreased from Rs. 12.78 lakhs to Rs. 11.59 lakhs. The number of dispensaries aided by the Boards also increased from 604 to 682 with a corresponding increase of the amount of contribution from Rs. 4.33 lakhs to Rs. 5.65 lakhs. These figures include a number of homeopathic and a few ayurvedic and unani dispensaries.

Allotments from the Government of India's Rural Uplift grant for capital expenditure towards the establishment of village dispensaries were largely responsible for the increase in number of such institutions; while the gradually expanding State-aid given to the thana and village dispensaries under the scheme of subsidies to these institutions was also of great help to the local bodies in maintaining these dispensaries.

The scheme of decentralised anti-rabic-treatment worked satisfactorily during the year, the treatment being given at many rural district board dispensaries besides the institutions at the district and subdivisional headquarters.

The public health activities of the Boards consisted, as usual, in combating the outbreak of epidemic diseases by preventive and curative measures. The education of the villagers in the general principle of sanitation and hygiene by lantern lectures, health talks and baby shows formed an important feature of the activities of the health staff of the district boards. In some districts, school hygiene work was also taken up by the sanitary staff.

Cholera and small-pox were prevalent either in sporadic or in epidemic form, in several districts. The district boards took prompt action to check the spread of the diseases and augmented their permanent health staff by temporary men to control epidemics. The Public Health Department came promptly to the assistance of the district boards not only by arranging for additional staff of medical licentiates and sanitary inspectors but also by provision of a large number of mobile medical units consisting of a medical officer and a compounder and fully equipped with medicines for treatment as well as prevention. Temporary regulations under the Epidemic Diseases Act were also promulgated where necessary. Preventive measures, such as vaccination, inoculation, disinfection of tanks and wells and the clearing of ditches, jungle and insanitary surroundings were carried out, as usual, by the district boards.

The campaign against malaria and kala-azar was carried on by the district boards. Besides providing facilities for treatment in the existing hospitals and dispensaries and in the special kala-azar centres some district boards either deputed doctors to the affected areas for giving treatment or organised travelling fever dispensaries to cope with the situation. The campaign of quinization was pushed through with vigour and the services of union boards, anti-malarial societies, kala-azar doctors and the circle sanitary inspectors were systematically utilised in distributing quinine. It appears, however, that malaria is taking larger tolls and is on the increase. It calls for a more determined co-ordinated effort on the part of the district boards.

The existing institutions for the specialised treatment of leprosy were maintained and maternity and child

welfare received adequate attention—a large number of dais being trained and equipped for service in the rural areas.

With the establishment of public health laboratories in many districts, the evil of food adulteration is reported to have received more attention from the district boards than in the preceding year. Larger number of food samples were examined and prosecutions were started—most of them resulting in conviction. The control exercised by the district boards over the practice of adulteration of food-stuffs was, however, still far from adequate. It is hoped that after the enactment of the Bengal Pure Food Bill which is now before the Provincial Legislature, the Boards will be in a better position to deal with this important problem.

7. Veterinary Charges.—The income and expenditure of the Boards under this head decreased from Rs. 2,790 to Rs. 2,348 and from Rs. 1,93,317 to Rs. 1,03,895, respectively, during the year under review. The decrease both in income and expenditure was due to the fact that the services of the veterinary assistant surgeons were provincialised in most of the district under the scheme of provincialisation adopted by Government in 1939.

There were severe outbreaks of cattle diseases in Burdwan and Bakarganj but effective measures were taken for the prevention of the spread of the epidemics. Some district boards especially in the Burdwan and the Rajshahi Divisions took considerable interest in maintaining stud-bulls in order to improve the breed of cattle in their respective areas.

8. Civil Works.—The income and expenditure under this head amounted to Rs. 22.42 lakhs and Rs. 67.08 lakhs, respectively, against Rs. 24.40 lakhs and Rs. 68.70 lakhs, respectively, during the previous year. The decrease in expenditure was mainly due to less expenditure under "Communication" and "Water-supply—Original Works".

The reduction of expenditure on "Communications" did not, however, affect the total mileage of roads maintained by the Boards. The mileage of metalled, unmetalled and village roads actually increased and were 3,127, 20,722, and 34,412, respectively, against 3,037, 19,774 and 30,347, respectively, in the preceding year.

In the Burdwan Division, the expenditure on "Civil Works" amounted to Rs. 15·08 lakhs against Rs. 16·03 lakhs in the preceding year and represented 46 per cent. of the total expenditure chargeable to current income, against 40·9 per cent. in the previous year. The decrease was shared by all the district boards except those of Midnapore and Howrah.

In the Presidency Division, the total outlay under this head amounted to Rs. 13·64 lakhs, showing a decrease of about Rs. 3·60 lakhs from the previous year's figures. All the district boards shared in the decrease—the largest decrease occurring in the 24-Parganas (Rs. 1,28,804) which is attributed to the fact that the bills of the contractors could not be paid in full owing to shortage of funds. The decrease in Khulna (Rs. 99,658) was due to the curtailment of expenditure owing to decreased income resulting from the further reduction of cesses.

The total expenditure under this head in the Dacca Division was Rs. 14·36 lakhs showing a decrease of Rs. 41,651, from the previous year's figures—Mymensingh and Faridpur sharing in the decrease while there was actually an increase both in Dacca and Bakarganj. Expenditure on Communications—Original Works, however, showed an increase of Rs. 36,784.

In the Chittagong Division, the expenditure on Civil Works increased from Rs. 6·36 lakhs to Rs. 6·42 lakhs—all the three Boards having continued their interest in the improvement of communications by the construction of new bridges and roads and repairing the old ones.

There was an increase of Rs. 3,20,299 in the expenditure under "Civil Works" in the Rajshahi Division. Of the total increase, Rs. 2,25,123 was under Communications—Repairs and Rs. 44,225 under Communication—Original Works. The increase was due to increased expenditure incurred by all the district boards except that of Darjeeling. The proportion of expenditure on Civil Works to the total expenditure chargeable to current income increased from 39·07 per cent. to 44·6 per cent.

9. Water-supply.—The total outlay on water-supply during the year under review was Rs. 8·07 lakhs as against

Rs. 8·64 lakhs in the previous year. Of the total expenditure Rs. 6·58 lakhs was under Original Works and Rs. 1·49 lakhs under Repairs.

The total expenditure on water-supply in the Burdwan Division amounted to Rs. 1·71 lakhs against Rs. 1·78 in the preceding year. Of the total expenditure Rs. 1·29 lakhs was on Original Works and Rs. 42,496 on repairs. The decrease of Rs. 3,550 on original works, as compared with the previous year's figures, was shared by the districts of Birbhum, Bankura and Howrah, while the decrease of Rs. 2,585 on repairs was shared more or less by all the Boards. The Boards in this Division sank or resank 289 tube-wells.

There was a decrease of Rs. 17,657 in the expenditure under this head in the Presidency Division—the district boards of Nadia and Khulna sharing in the decrease. On the other hand, there was increased expenditure in the 24-Parganas and the Murshidabad districts. The Boards in this division sank or resank 413 tube-wells.

In the Dacca Division the expenditure under this head decreased from Rs. 3·77 lakhs to Rs. 3·13 lakhs of which Rs. 2·75 lakhs was under "Original Works" and Rs. 38,571 on "Repairs". The Boards sank or resank 573 tube-wells or ferro concrete wells and excavated 18 tanks during the year under review. Besides, the district board of Bakarganj had 388 reserve tanks under its direct control excluding 248 tanks excavated by the Colonization and Khas Mahal Departments and union boards with one-half or two-thirds contribution from the district boards.

The Boards in the Chittagong Division sank 271 tube-wells during the year under review. The enthusiasm displayed by the Noakhali district board in sinking tube-wells in the preceding year is reported to have died out altogether with the result that not a single new tube-well was sunk during the year under review as compared with 392 wells sunk in 1938-39.

The total expenditure under this head in the Rajshahi Division increased from Rs. 1·06 lakhs to Rs. 1·25 lakhs—the increase being shared by all the district boards except those of Rangpur, Pabna and Darjeeling. The

Boards altogether sank 368 tube-wells besides a number of cement concrete ring wells, masonry wells and pottery wells.

10. Famine Relief.—In the Burdwan Division, the expenditure under this head amounted to Rs. 45,108 against Rs. 10,335 in the previous year. The increase was most marked in Bankura (Rs. 44,433) where test relief works had to be started due to the partial failure of crops in the western part of the district. In the Presidency Division, the Murshidabad district was visited by floods causing considerable distress and loss of property. The district board with its own resources supplemented by liberal contributions from Government ably tackled the situation, and spent Rs. 3.99 lakhs on relief works. In Nadia, excessive rainfall caused distress and the district board staff co-operated with Government officers in distributing rice doles and agricultural loans besides carrying out chlorination and a quinsisation campaign in the submerged areas.

In the Dacca Division, the total outlay under this head amounted to Rs. 1.19 lakhs and was met from the advances made by Government to the district boards. This was necessitated by the failure of crops on account of abnormal floods in the preceding year. The district board of Faridpur did not spend the full amount of Rs. 80,000 advanced to it.

In the Rajshahi Division, the distress continued in the district of Rangpur due to adverse economic condition of the previous year and the district board had to spend Rs. 1.62 lakhs on test relief works. The district boards of Pabna and Malda spent Rs. 68,012 and Rs. 35,982, respectively, on test relief works.

11. General Remarks.—The year under review continued to be a difficult one for the district boards some of which were called upon to continue relief operations in order to succour the people in distress caused by previous year's floods, while others had to start new relief works as a result of failure of crops owing to droughts or floods during 1939-40. Added to this, the Boards had to manage things with smaller receipts due to the bringing into effect, for the first time, the new procedure under the Government of

India (Adaptation of Indian Laws) Order, 1937, under which they are no longer entitled to the direct credit of Public Works Cess receipts and proceeds from ferries. It is gratifying to note that the Boards made most of their resources and kept up the public utility services to the level previously attained by them. Cordial and harmonious relations subsisted between the district authorities and the district boards throughout the Province.

It appears that the district boards have not been able to resist the temptation of reducing expenditure on Communications in order to find money for what are generally regarded as popular services, such as medical relief, sanitation, etc. Without minimising in any way the importance of these services, Government desire to take this opportunity of impressing upon the district boards that the general prosperity of the district depends very largely on the maintenance of adequate communications and the grant of the Public Works Cess to the Boards have entailed a moral obligation on them to devote correspondingly large sums to projects which had previously been financed from this Cess, with a view to developing the economic resources of the rural areas.

Another instance of the defect in the administration of district boards is furnished by the irregularities pointed out year after year in the audit reports. Government trust that the Boards will pay greater attention to closer supervision over accounts and a stricter compliance with the rules.

The services rendered by the following gentlemen have been specially mentioned by the local officers and Government take this opportunity to thanking them and all others who have assisted in the administration of local self-government during the year under review:—

Return of Taxable Turnover.

17. During the first three years after the commencement of the Act every dealer whose taxable turnover, in the opinion of the Commissioner, is not likely to exceed 10 per cent. of his gross turnover shall furnish a return in Form III annually within sixty days from the expiry of each year.

18. After the expiry of three years from the commencement of the Act every dealer whose taxable turnover does not exceed 10 per cent. of his gross turnover calculated over the latest three years for which figures are available shall furnish returns in Form III annually within sixty days from the expiry of each year.

19. When the taxable turnover of any dealer referred to in rule 18 exceeds in any year 10 per cent. of the average gross turnover calculated in the manner provided in rule 18, the Assistant Commissioner may fix fresh return-periods for such dealer, but ordinarily he shall not reduce the return-period unless he is satisfied that the excess over 10 per cent. is likely to continue.

20. Every dealer other than those for whom annual returns are prescribed in rules 17 and 18 who satisfies the Commissioner that he is not accustomed to make up a statement of accounts of sales more often than half-yearly shall furnish a return in Form III half-yearly within sixty days from the expiry of each half-year.

21. Every dealer, other than those referred to in rules 17, 18 and 20, whose annual gross turnover in the opinion of the Assistant Commissioner is likely to exceed two lakhs of rupees shall furnish a return in Form III quarterly, within thirty days from the expiry of each quarter:

Provided that the Commissioner may, for reasons to be recorded in writing, fix quarterly returns for any other class of dealer also.

22. Subject to the provisions of rule 24 the return-periods fixed for any dealer under rules 20 and 21 shall remain in force for not less than three years and thereafter shall continue to remain in force until the Assistant Commissioner fixes a different return-period in accordance with these rules.

23. The Commissioner or any other officer authorised to take action under rules 17, 19, 21, 30 or 32 shall, in exercising his discretion under those rules, pay due regard to such figures of the dealer's turnover for the three years immediately preceding as may be available to him.

24. If the Assessing-authority finds it impracticable to make a proper check of the returns furnished by any dealer under rule 20 or rule 21 he may for reasons to be recorded in writing direct such dealer to furnish the returns at such lesser intervals as he may consider necessary for the purpose.

25. Every dealer, other than those whose return-periods have been fixed under rules 17, 18, 20 or 21, shall furnish a return in Form III for each month by such date within the following month as may be specified in his Certificate of Registration.

27. (1) All returns in Form III which are required to be furnished under these rules shall be signed by the dealer or by some responsible person on his behalf, and shall be sent to the appropriate Commercial Tax Officer.

(2) Returns furnished by any dealer for whom the Commercial Tax Officer is not the Assessing-authority shall be scrutinized by the Commercial Tax Officer and forwarded to the Assistant Commissioner as soon as possible together with such remarks, if any, as the Commercial Tax Officer may think fit to make.

28. If any registered dealer shows to the satisfaction of the Commissioner that no sales made by him are liable to tax under the Act and makes an application in this behalf, the Commissioner may direct that it shall not be necessary for such dealer to furnish any return in Form III and may grant the dealer a certificate in Form IV.

29. (1) A certificate granted to any dealer under rule 28 shall be valid till the end of the year of issue and thereafter may be renewed annually for one year at a time upon receipt of an application from the dealer accompanied by an affidavit that the business of the dealer continues to be such that no sales effected by him are liable to tax under the Act.

(2) Applications for renewal under sub-rule (1) should be made before the date when the certificate will expire, and applications which are received after such date are liable to be rejected.

(3) Applications for the issue or renewal of certificates in Form IV shall be made to the appropriate Commercial Tax Officer, and particulars of all such applications shall be entered in Register XIX.

Payment of Tax.

30. If in the opinion of the Commissioner the annual tax payable by any dealer for whom annual return-periods have been prescribed is not likely to exceed Rs. 500, such dealer shall pay tax annually before furnishing the return in Form III.

31. Every dealer other than a dealer referred to in rule 30 for whom annual return-periods are prescribed and every dealer for whom half-yearly return-periods are prescribed shall pay tax quarterly in the manner prescribed in sub-rules 32 to 35 (inclusive).

32. The Commercial Tax Officer shall estimate the amount of tax payable by the dealer for the whole year, and shall communicate the same to the dealer.

(2) before furnishing the return in Form III he shall pay such further amount as will make the sum of his tax payments for the whole return-period equal to the amount which is shown in the return to be payable for such period, whether this sum is greater or less than the amount estimated under rule 32.

34. The estimate under rule 32 shall be communicated to the dealer by a notice in Form V not less than fifteen days before the expiry of the first quarter of the year to which it relates.

35. An estimate shall not be changed during a year, and shall remain in force until a fresh estimate is communicated in the manner provided in rule 34.

36. Every dealer for whom quarterly returns have been prescribed shall pay the tax due for any quarter before furnishing the return in Form III for that quarter.

37. Every dealer for whom monthly returns are prescribed will pay tax monthly before furnishing the return in Form III for that month.

38. (1) Every dealer shall pay the tax and any penalty which may have been imposed upon him direct into the appropriate Government Treasury. No payment of any tax or penalty shall be accepted at the office of the Commissioner or of any Assistant Commissioner or any Commercial Tax Officer.

(2) Challans for the purpose of making payment shall be obtainable at any Government Treasury or at the office of any Commercial Tax Officer.

(3) Challans shall be filled up in triplicate. One copy of such challan shall be retained by the Treasury, and the other two copies shall be returned to the dealer, duly signed, as proof of payment.

39. Every Assessing-authority shall maintain Registers XIII, XIV and/or XV, as may be required, in which he shall record the receipt of every challan produced in accordance with rule 43 or rule 44 in proof of payment of tax by any dealer for whom he is the Assessing-authority.

40. Payments by any dealer who is to pay tax annually shall be noted in Register XIII.

41. Payments by any dealer who is to pay tax quarterly shall be noted in Register XIV which shall be kept in three sections:—

- XIVA for dealers who furnish annual returns;

42. Payments by dealers who are to pay monthly shall be noted in Register XV.

43. Every dealer referred to in rules 36, 37 and 38 shall attach one copy of the receipted challan to the return in Form III when presenting the return to the Commercial Tax Officer.

44. Every dealer referred to in rule 31—

- (a) shall send to the appropriate Commercial Tax Officer the receipted challans relating to payments made in accordance with sub-rule (1) of rule 33 within fifteen days of the expiry of the quarter for which the payment is made; and
- (b) shall attach to the return in Form III the receipted challan in respect of the payment referred to in sub-rule (2) of rule 33.

45. The Commercial Tax Officer shall forward to the Assistant Commissioner all challans which are received from any dealer for whom the Commercial Tax Officer is not the Assessing-authority.

46. Every registered dealer who does not elect to pay his tax in advance under rule 48 may deduct from his gross turnover of the first year during which he is liable to pay tax such sum as is shown to the satisfaction of the Assessing-authority to have been due to the dealer on the date on which he became liable to tax under sub-section (1) or (2) of section 4 or under sub-section (3) of section 8, on account of sales of goods effected on or before such date.

47. (1) Every registered dealer, whether or not paying tax in advance under rule 48, shall report to the appropriate Commercial Tax Officer, within one month from the date on which the dealer becomes liable to tax, the amount which is due to him on such date on account of sales of goods effected or contracts entered into before such date.

(2) The Commercial Tax Officer shall forward to the Assistant Commissioner any claim for deduction which is made under rule 46 by any dealer for whom the Commercial Tax Officer is not the Assessing-authority.

48. (1) If any dealer so prefers he may, with the permission of the Commissioner, pay in advance the tax which shall be leviable upon his taxable turnover.

(2) The amount of tax which may be paid in advance under sub-rule (1) in respect of any given return-period shall be calculated on the basis of the sales effected or contracts entered into during such period.

(3) Any dealer who pays tax in advance under sub-rule (1) may obtain refund of any amount of tax which has already been paid in respect of any sale-price or part of a sale-price which is subsequently certified by a Registered Accountant to have become irrecoverable and to have been written off as a bad debt.

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENCAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 3259L.A.—16th August 1941.—The following report of the Select Committee on the Bengal Raw Jute Taxation Bill, 1941, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Raw Jute Taxation Bill, 1941.

We, the members of the Select Committee, to which the Bengal Raw Jute Taxation Bill, 1941, was referred by a motion carried in the Bengal Legislative Assembly on July 30, 1941, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. Matter recommended by us to be deleted has been printed in italics and enclosed in square brackets and new matter proposed to be inserted has been underlined.

The Committee met for the first time in Calcutta on August 2, 1941, and from time to time thereafter till August 8, 1941, on which date they concluded their deliberations on the Bill. The Bill was published before introduction in the *Calcutta Gazette* on July 10, 1941.

The Bill has not, in our opinion, been so altered by our recommendations as to require republication.

The reasons for the changes recommended by us, excepting those purely of a drafting or consequential nature, are briefly as follows :—

Clause 2.

New sub-clause (2a).—Definition of “manud” has been inserted as we are of opinion that the standard of weight as laid down by the Indian Legislature should be insisted upon in all transactions throughout the province so as to ensure uniformity in the rate of taxation under this Bill.

New sub-clause (6a).—“Raw Jute” has been defined in order to clarify the intention.

Sub-clause (7).—The amendment made in this sub-clause is intended to include exports from Bengal to places in India and thereby to prevent evasion of taxation by means of double bills of lading.

Clause 3.

Sub-clause (1).—The amendment here is consequential on the amendment in clause 2(7) and is intended to include taxation of raw jute despatched outside Bengal by any means of transit.

Sub-clause (2).—The insertion here is primarily intended to exclude transactions between jute mills themselves from taxation.

Clauses 4 and 5.

Clauses 4(1) and 5(1).—Payment of fees for registration or renewal of registration of jute mills and shippers of jute was considered unnecessary and the provisions requiring such payment have been deleted accordingly.

In view of the provision for annual renewal of registration, clause 4(2) was considered unnecessary and vexatious and has been deleted.

Cancellation of registration of jute mills might adversely affect the shareholders of the mills and clauses 4(4)(b) and 5(3)(b) have been deleted to give protection to such shareholders who should not, in our opinion, be penalised for the offence of a manager or the managing agent.

Clause 6.

The amendments in this clause have been made as we do not consider it necessary that the books of account should be kept at the mill premises.

Clause 7.

The amendments in this clause besides being consequential, are of a drafting nature calculated to make the intention unambiguous.

Clause 9.

Sub-clause (1).—Provision has been made for a penalty in cases of failure to submit returns with a view to providing an additional inducement for submission of proper returns.

The new proviso has been added as, in our opinion, there should be some provision for extension of time for payment of tax or penalty in exceptional cases to avoid undue hardship.

Sub-clause (1a) providing for a penalty for non-payment has been added as we considered that deliberate negligence in making payment of tax or penalty, as the case may be, should be severely dealt with.

Sub-clause (2).—The amendment in this sub-clause besides being consequential, is intended to be in line with the Bengal Finance (Sales Tax) Act, 1941.

Clause 9A.

This new clause is intended to make the assessee to obtain a refund in cases of payments made in excess of the amounts due. This is in line with the Bengal Finance (Sales Tax) Act, 1941.

Clause 10.

The words "or by night" in sub-clause (2) have been omitted as entry into or search of the premises by night might cause unnecessary hardship and annoyance.

New clause 10A.

The provisions of this new clause are intended for the preservation of business secrets.

Clause 11.

Paragraph (d).—The insertion of the words "without sufficient cause" is intended to exempt hard cases from the mischief of the penal clause.

Paragraph (e).—Failure to make timely payment has already been provided for in clause 9. This paragraph has, therefore, been deleted.

New paragraphs (ff) and (fff).—These new paragraphs have been inserted as it has been considered necessary to provide for a sanction behind the provisions of clauses 10 and 10A so as to ensure better working of the provisions.

Clause 13.

The clause has been considered unnecessary and deleted in order to be in line with the Motor Spirit Sales Taxation Act, 1941.

Clause 15.

The amendment in this clause is to bring it in line with the Bengal Motor Spirit Sales Taxation Act, 1941.

Clause 20.

Sub-clause (1).—The period of limitation for filing an appeal has been extended from “thirty days” to “sixty days” as the original period was, in our opinion, inadequate.

Sub-clause (3).—It was considered more desirable to leave it to the Provincial Government to prescribe the revising authority. We have accordingly amended this clause. Besides specific provision has also been made for a party aggrieved to apply for a revision. This brings the clause into line with the Bengal Motor Spirit Sales Taxation Act, 1941.

Clause 21.

It was considered inexpedient to empower the Provincial Government to allow exemption from taxation which, in our opinion, should be general. This clause has therefore been deleted.

Clause 22.

The amendments in this clause are consequential on those recommended by us in the foregoing provisions of the Bill.

Minute of dissent by Mr. Debi Prosad Khaitan, M.L.A.

I reserve the right to move amendments in the Assembly.

Minute of dissent by Mr. Jagat Chandra Mandal, M.L.A.

I sign the report with this suggestion that Provincial Government while making rules under clause 22(I), would make such provisions that this tax may not ultimately and indirectly fall upon the shoulders of the poor jute growers, and, as stated in the Statement of Objects and Reasons, Government should take immediate steps for the stabilisation of jute prices and for fixing the minimum price of jute.

Minute of dissent by Mr. Mafizuddin Ahmed, M.L.A.

The object of this Bill, viz., financing the carrying out of measures for the stabilisation of jute prices, the improvement of marketing and generally to further the interests of the jute growers of the province and of the industry as a whole—is undoubtedly laudable. Some such measure was long overdue. In order that jute growers may derive the full benefits of jute, warehouses should be provided throughout the province and holding power of the jute growers should be improved by advancing them money against their jute. Funds required for the Jute Regulation Scheme should be found from the general revenues. The proceeds, that can be expected under this Bill, should be entirely spent for the object stated above.

It has been stated that the incident of this tax will not fall on the cultivators but I remain yet to be convinced that the incident will not filter down to the cultivators ultimately. Experience will, however, lead us to truth. With these observations I sign the report of the Select Committee.

Minute of dissent by Mr. Shahedali, M.L.A.

Myself and my party are against the imposition of any tax upon the consumers, as we feel this tax will ultimately pass to the jute growers.

However, I may agree to the proposed tax, if its imposition helps to raise the price of raw jute. That is possible only if the minimum price be fixed and the additional revenue which may be derived from the proposed tax is utilized to finance an organization which may increase the holding power of the jute growers. It is common knowledge that the jute growers are disorganized and poor and consequently their holding power is nil with the majority and very poor with the rest. If their holding power is increased they may dictate the price—and not the mills and the exporters who eventually purchase the jute crop—and who at present control the price policy. It was understood that the major portion of the proposed additional revenue, i.e., about 36 lakhs out of 50 lakhs derived from the tax will be spent over the regulation of production and the residue, if any, will be utilized for erecting warehouses, increasing the holding power of the jute growers—and for other objects mentioned in the Bill. But * * * * * without making arrangement to increase the holding power of the jute growers, mere regulation of jute production will not increase the price of jute. Solution of question of supply and demand may be a factor towards that direction. So I am of opinion that the proposed tax if imposed must be earmarked for financing an organization to increase the holding power of the jute growers and by no means this amount should be utilized for jute restriction or jute regulation scheme. This expenditure may be met from General Revenue as before. If the majority of the members * * * * * sincerely believe the proposed tax will not pass ultimately to the jute growers, they may increase the tax from two annas per maund to eight annas per maund. This will help the Government to tackle the jute problem to a great extent.

I reserve the right of submitting amendments to the Bill at the time of consideration.

Dacca, the 9th August 1941.

First Forecast of the Sugarcane Crop of Bengal, 1941-42.

(Note.—On an average of the five years ending 1939-40, the area under sugarcane in Bengal has represented some 7.9 per cent. of the total area under sugarcane in India.)

Character of the season.—Drought prevailed at the planting time. Conditions soon

changed, and the subsequent effects of weather have been helpful to the growth of the crop. The present condition of the crop is reported to be fairly favourable.

Area planted.—The total area planted with sugarcane for the province is estimated at 316,500 acres this year, as against 331,100 acres in the final forecast last year. The decrease as compared with the last year is mainly attributed to unfavourable weather conditions at the planting time as also to the low price of gur and cane.

Director of Agriculture, Bengal.

Murshidabad ..	4,300	9,500	9,200	November to April. Normal.	The decrease in area is due to fall in the price of gur. The weather was fairly favourable on the whole. Scanty rainfall at planting time affected the growth in some places.

Burdwan ..	11,600	10,600	9,800	April. Normal ..	The decrease in area is due partly to drought at the sowing time and partly to low prices of cane and gur. The weather has been favourable afterwards.

ADDITIONAL STATUTE OF THE MOST
EXCELLENT ORDER OF THE
BRITISH EMPIRE.

GEORGE R.I.

GEORGE THE SIXTH, by the Grace of God, of Great Britain, Ireland, and the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India and Sovereign of the Most Excellent Order of the British Empire, to all to whom these Presents shall come.

Greeting!

Whereas by the Fifty-second Clause of the Statutes of the MOST EXCELLENT ORDER OF THE BRITISH EMPIRE bearing date the Thirtieth day of July, one thousand nine hundred and thirty-seven, power was reserved to the Sovereign of annulling, altering, abrogating, augmenting, interpreting or dispensing with the same or any part thereof by a notification under the Royal Sign Manual.

And whereas We have ordained in Our Warrant instituting the George Cross that as from the institution of the said Cross the grant of the Medal of the Order of the British Empire, for Gallantry, shall cease, and a recipient of that Medal living on the Twenty-fourth day of September, one thousand nine hundred and forty, shall return it to the Central Chancery of Our Orders of Knighthood and become instead a holder of the George Cross: provided that there shall be a similar change in relation to any posthumous grant of the Medal of the Order of the British Empire, for Gallantry, made since the commencement of the present war.

We now, in pursuance and in exercise of the power thus vested in Us, do annul the Thirty-seventh, Thirty-eighth and Thirty-ninth of the aforesaid Statutes of this Order

and the same are hereby annulled accordingly, and in lieu of the Thirty-seventh, Thirty-eighth and Thirty-ninth of the said Statutes, We do make, ordain and establish, by these Presents sealed with the Seal of the Order, the following Statutes and Ordinances, namely:—

XXXVII. It is Ordained that a Military and Civil Medal of this Order shall be awarded to persons who render meritorious service warranting such mark of Our Royal appreciation. Such Civil Medal shall not be awarded to Members of any of the five Classes of the Order or to persons eligible for appointment thereto, and such Military Medal shall only be awarded to persons subordinate to those who are eligible for the Military Division of the various Classes of the Order, but a recipient of the Medal, whether Military, or Civil, who may subsequently be appointed a Member of one of the five Classes of the Order, may continue to wear the Medal in addition to the Insignia of the Order. It is further Ordained that the said Medal, including the Medal awarded prior to 29th December, 1922, shall be known as "THE BRITISH EMPIRE MEDAL."

XXXVIII. It is Ordained that the said Medal for men and for women shall consist of a circular medal in silver, having on the obverse a representation of Britannia with the motto of the Order, and, upon the exergue, the words "FOR MERITORIOUS SERVICE," and on the reverse the Royal and Imperial Cypher of the Sovereign, and the words "INSTITUTED BY KING GEORGE V," and shall be worn on the left side, immediately after the Burma Gallantry Medal, suspended from a clasp ornamented with oak leaves, attached to a rose pink riband edged with pearl grey of one inch and one-quarter in width, with the addition, in the case of recipients of the Military Medal of the Order, of a vertical pearl grey stripe in the centre of the riband of about one-sixteenth of an inch: provided that when the Medal is worn by a woman, it may be worn on the left shoulder, suspended from a riband of the same width and colour, fashioned into a bow. It is further Ordained that on occasions when miniature decorations are worn, reproductions of the Medal in miniature may be worn by those to whom the Medal is awarded.

XXXIX. It is Ordained that services or acts deemed worthy of recognition by the award of the Medal, but rendered by a person upon whom the Medal has already been conferred, may be recorded by a Bar or Bars attached, for men, to the riband, and for women, to the centre of the bow, from which the Medal is suspended. It is further Ordained that when the riband is worn alone, the award of a Bar is to be indicated by the placing of a small silver rosette on the riband, a further rosette being added for each Bar.

And it is Our Will and Pleasure that these Statutes, sealed with the Seal of the said Order, shall be taken and received as part and parcel of the Statutes thereof.

Given at Our Court at Saint James's under the Seal of the said Order, this fourteenth day of March, One Thousand Nine hundred and Forty-one, in the Fifth year of Our Reign.

By His Majesty's Command.

Herbert Morrison.

**THE BENGAL HINDU WOMEN'S RIGHTS TO
AGRICULTURAL LAND BILL, 1941.**

BILL

*to amend the Hindu Law governing Hindu Women's Rights to
Agricultural Land.*

WHEREAS it is expedient to amend the Hindu Law to give better rights to women in respect of agricultural land in Bengal; it is hereby enacted as follows :—

Short title,
extent and effect. 1. (1) This Act may be called the Bengal Hindu Women's Rights to Agricultural Land Act, 1941.

(2) It extends to the whole of Bengal.

(3) It shall have retrospective effect as if it had come into force on the 14th day of April, 1937.

Application. 2. Notwithstanding any rule of Hindu Law or custom to the contrary, the provisions of section 3 shall apply where a Hindu dies intestate.

3. (1) When a Hindu governed by the *Dayabhag* School of Hindu Law dies intestate leaving any agricultural land in Bengal, and when a Hindu governed by any other school of Hindu Law or by customary law dies intestate leaving such land in Bengal, his widow, or if there is more than one widow all his widows together, shall, subject to the provisions of sub-section (3), be entitled in respect of such agricultural land in respect of which he dies intestate to the same share as a son :

Provided the widow of a predeceased son shall inherit in like manner as a son if there is no surviving of such predeceased son and shall inherit in like manner as a son's son if there is surviving a son or son's son of such predeceased son :

Provided further that the same provision shall apply *mutatis mutandis* to the widow of a predeceased son of a predeceased son.

(2) When a Hindu governed by any school of Hindu Law other than the *Dayabhag* School or by customary law dies having at the time of his death an interest in a Hindu joint family property consisting of agricultural land in Bengal, his widow shall, subject to the provisions of sub-section (3), have in such property the same interest as he himself had.

(3) Any interest devolving on a Hindu widow under the provisions of this section shall be the limited interest known as a Hindu women's estate, provided however that she shall have the same right of claiming partition as a male owner.

(4) The provisions of this section shall not apply to an estate which by a customary or other rule of succession or by the terms of the grant applicable thereto descends to a single heir to any property to which the Indian Succession Act, 1925, applies.

XXXIX
of 1925.

Savings. 4. Nothing in this Act shall apply to the property of any Hindu dying intestate before the fourteenth day of April, 1937.

Meaning of
expression "die
intestate." 5. For the purposes of this Act, a person shall be deemed to die intestate in respect of all property of which he has not made a testamentary disposition which is capable of taking effect.

STATEMENT OF OBJECTS AND REASONS.

Hindu widows were entitled, in certain contingencies, to get maintenance from the estate of a deceased relation. This was a precarious right and was considered by a large section of advanced Hindus to be incompatible with modern condition.

An agitation was set up for legislation to confer better rights on these widows. The Central Legislature yielded to the pressure and passed the Hindu Women's Rights to Property Act (XVIII of 1937) which was amended by Act XI of 1938.

Broadly speaking, the amended Act purported to give these widows specific shares of the properties in lieu of the right of maintenance out of the same.

But the Act was *ultra vires* of the Central Legislature in a very material respect. The Bill, which became Act XVIII of 1937, was passed by the Central Assembly on the 4th February, 1937, and by the Council of State on the 6th April, 1937, and it received the Governor-General's assent on the 14th April, 1937.

On April 1, 1937, after the Bill was passed by the Central Assembly but before it was passed by the Council of State, the Government of India Act, 1935, conventionally described as the Constitution Act, came into force. By virtue of this Act, legislation relating to "devolution of agricultural land" became an exclusively provincial subject. See Item No. 21, List II of Schedule VII of the Constitution Act. Under section 100(3) of the Constitution Act the Federal Legislature—which is now represented by the Central Legislature—has no power to make laws with respect to any of the subjects mentioned in List II. On and from April 1, 1937, the Provincial Legislatures alone were competent to make laws relating to devolution of agricultural land in the Governors' Provinces.

It would therefore follow that though the appropriate Bill was legally passed by the Central Assembly, the Council of State had, on 6th April, 1937, the date on which it passed the Bill, no jurisdiction to pass the same so far as it related to agricultural land in the Governors' Provinces. The amending Act of 1938 was passed by the Central Legislature when neither the Central Assembly nor the Council of State had any jurisdiction to pass the same. The amended Act was therefore *ultra vires* to that extent.

Serious doubts were raised as to the validity of the Act and the Governor-General referred the question, under section 213 of the Constitution Act, to the Federal Court for an authoritative exposition. The Federal Court has held that the impugned Act was *ultra vires* in so far as it related to agricultural land in the Governors' Provinces. See *In Re: Hindu Women's Rights to Property Act, 1941 F.R. (45 C.W.N.)* at pages 81 to 89.

In the Governors' Provinces, the Act is valid only in so far as it related to non-agricultural lands. Most of the lands in the villages which are not used for actual cultivation—viz., the homestead lands of agriculturists, outhouses, cowsheds, places for storing agricultural produce, manure pits, irrigation tanks and similar other properties required for the use of the agriculturists as such—will still be agricultural lands. Some properties in towns only will be regarded as non-agricultural lands. Shorn of its jurisdiction over agricultural lands, the Act will operate only on an insignificant fraction of properties in the Governors' Provinces.

This is not all. Serious doubts may be raised as to whether, the Act having failed in a material respect the widows concerned can fall back upon their earlier rights to get maintenance from agricultural lands in the Governors' Provinces and it is not easy to say where they would stand in this respect.

The Federal Court has disclosed a very serious gap in the impugned Act and the same is now practically inoperative or perhaps mischievous in its consequences. This result, however logical and inevitable, has caused considerable disappointment and dissatisfaction and even resentment among numerous influential Hindus. The Standing Committee of the All-India Women's Conference has already moved in the matter.

Numerous transactions, it is feared, have already taken place regarding agricultural land in the Governors' Provinces on the basis of the validity of the impugned Act. And the gap disclosed will cause widespread dislocation in such cases. It is therefore highly expedient, as a matter of public policy, that the gap should be filled up by appropriate legislation in the Provinces.

The present Bill fills up the gap and, if passed into law, will restore the law to its original purpose. This Bill and what remains of the Act in question, after the amputation by the Federal Court, will constitute a complete code on the subject in the Province of Bengal.

The Bill attempts merely to restore the *status quo* and reproduces the provisions of the Hindu Women's Rights to Property Act, 1937, as amended by the Act of 1938, without any change whatever except that required strictly for the purpose of adaptation to agricultural land in the Province.

The Bill is purely consequential in its purpose and effect and should be passed without any delay. It is hoped that other Provinces will follow suit.

Member-in-charge.

NOTIFICATION.

No. 1399L.C.—26th August, 1941.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules,

the following Bill which was introduced in the Bengal Legislative Council on the 22nd August, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

S. K. D. GUPTA,

Secy. to the Bengal Legis. Council.

THE BENGAL EMERGENCY RENT REMISSION BILL, 1941.

WHEREAS it is expedient to provide for remission of rent on account of failure of crops and continued low prices of staple food crops for enabling the agriculturists to tide over financial crisis due to such causes, it is enacted as follows :—

1. This Act shall be called the Bengal Emergency Rent Remission Act, 1941.

2. It shall extend to the whole of Bengal and shall apply to only occupancy and non-occupancy raiyats and under-raiyats as defined in the Bengal Tenancy Act of 1885.

3. It shall come into force from the date of assent of His Excellency the Governor of Bengal.

4. Whenever any general failure of principal crops occurs in any village to the extent of not less than 50 per cent. of normal yield, for reasons not within the control of the cultivators, the cultivating raiyats, whether they are occupancy or non-occupancy raiyats or under-raiyats (but not being a mukarari raiyat or under-raiyat) shall be entitled to get remission of rent in proportion to the ratio of failure of yield and the Collector of the district at his own initiative may and on the application of the tenants or their representatives in the legislature shall allow such remission by publishing a notification in the Official Gazette showing the percentage of and the period for which remission is allowed in any specified area :

Provided that no application for such remission shall be entertained unless made within six months of the ordinary time of reaping of the crops which have failed :

Provided further that the remission allowed shall have retrospective effect in respect of tenancies of which rents have already been paid and the landlord shall be bound to effect necessary adjustment when rent is next paid for such tenancies.

5. Whenever any sudden abnormal fall in the prices of staple food crops occurs—the prices falling below the last twelve years average by more than 33 per cent.—and such low prices continue for more than two years, the raiyats and under-raiyats in spite of anything in section 38 of the Bengal Tenancy Act shall be entitled to get remission of rent proportionately to the fall for the period during which such low prices continue and the Collector of the district at his own initiation may and on the application of the raiyats and under-raiyats or their representatives in the legislature shall allow such remission by publishing a notification in the Official Gazette showing the percentage of and the period for which, the remission is allowed in each specific area, provided that ordinarily no application for such remission shall be entertained unless made within two years of the period for which remission is claimed, but this proviso shall not affect the claim to remission for the period 1930 to 1938, which shall be entertained if made within a year of this Act coming into force :

Provided further that the remission allowed shall have retrospective effect in respect of tenancies of which rents have already been paid and the landlord shall be bound to effect necessary adjustment when rent is next paid in respect of such tenancies.

6. Decrees of Civil Courts and awards of Agricultural Debt Settlement Boards for arrears of rent obtained before or after the passing of this Act of which execution proceedings are or are not pending or of which no sale has been made or confirmed shall be executed after deducting the amount to

The Bengal Emergency Rent Remission Bill, 1941.

(Clause 7.)

which the judgement-debtor may be entitled, as remission according to the provisions of this Act, from the decretal amount, and no damage shall be allowed under section 68 of the Bengal Tenancy Act in such cases, but only interest at 3 per cent. and all such decrees and awards shall be revised according to the provisions of this section :

Provided that the provision of this Act shall not apply to road cess demand which shall remain unaltered till next revaluation.

7. Sales of immovable properties in execution of any decree (whether Civil Court or Certificate Officer) in which the decree-holder landlord is the sole purchaser and the purchased land has not been already transferred to a third person whether absolutely or partially before August, 1938, shall be set aside if within six months from the passing of this Act the tenant judgement-debtor deposits in Court towards satisfaction of the decree, an amount calculated after deducting from the decretal amount the amount of remission to which the tenant is entitled according to provision of this Act, the amount received from the tenant by the decree-holder in cash and the value of the usufruct enjoyed from the land by the decree-holder.

STATEMENT OF OBJECTS AND REASONS.

Unfortunately for the agriculturists of Bengal the Bengal Tenancy Act does not contain any provision for remission of rent for failure of crops, though Tausi Manual permits such remission in khas mahul areas. There is no reason why the ordinary occupancy and non-occupancy raiyats and under-raiyats in permanently-settled estate should not get any consideration for failure of crops. If their rents were fixed in perpetuity like that of the proprietors, the latter could reasonably resist any attempt at this ordinary concession to cultivating raiyats of khas mahul areas being extended to permanently-settled area. But why should there be any difference between ordinary raiyats in khas mahul and ordinary raiyats in permanently-settled area? Some provision for remission of rent for failure of crops in permanently-settled area is thus overdue and this Act merely tries to remove the defect which has been operating most harshly against the agriculturists of permanently-settled area.

The provision of Bengal Tenancy Act regarding reduction of rent as embodied in section 38 of the Act is not at all satisfactory. It has not made any provision for reducing rent which may be abnormally high as compared with the yield of the land nor has it made any provision for temporary reduction or remission of rent for sudden fall in prices owing to temporary causes. It will be the duty of the Revenue Commission to go into the matters in details, but owing to the abnormal low prices of 1930 to 1936 it has become absolutely necessary to allow the raiyats some relief immediately as also to make some provision in the law for such relief in future on account of sudden abnormal fall in prices owing to temporary causes. Provision has therefore been made in this Bill for proportionate remission of rent if the prices fall more than 33 per cent. and the low prices continue for more than two years. Retrospective effect has been sought to be given by readjustment not only of rent dues but also of decretal amounts in all pending decrees. Provision has also been made for retransfer from auction purchasers to the tenant in cases where such transfer is easily possible.

The Bill, if passed into law, will go to a great extent to relieve the raiyats who have been hard hit by the depression. If the money-lender can be prevailed upon to be content with his dues reduced (even below the principal amount in many cases), why should not the landlords who have increased their income by 4,000 per cent. since the permanent settlement (of which 3,000 per cent. was certainly due to unjust enhancement of rates and rents) should not be satisfied with the rents of ordinary raiyats (not mukarari raiyats) reduced even temporarily for sudden and abnormal fall in prices of which the effect the agriculturists can ill-afford to bear? The Bill rather errs on the side of moderation and it deserves to be passed unopposed.

to amend the Bengal Jute Regulation Act, 1940.

WHEREAS it is necessary to amend the Bengal Jute Regulation Act, 1940, in the manner hereinafter appearing ;

It is hereby enacted as follows :—

1. (1) This Act may be called the Bengal Jute Regulation (Amendment) Act, 1941.

(2) It extends to the whole of Bengal and shall come into operation as soon as it receives the Governor's assent.

2. In section 2, sub section (6) of the Bengal Jute Regulation Act, 1940, the following words, *viz.*, "and also means the plant known botanically as *hibiscus cannabinus* and commonly as *mesta*" shall be deleted.

STATEMENT OF OBJECTS AND REASONS.

Mesta or *hibiscus cannabinus* is quite distinct from jute and does not have to pay the jute export duty levied by the Government of India. Besides, its cultivation is restricted almost entirely to one district, *viz.*, Faridpur and hence its exemption from restriction will not materially affect the Government scheme for regulation of jute cultivation. The application of the regulation scheme to *mesta* will have the effect of discriminatory legislation against one particular district, and can therefore be justified neither on grounds of expediency nor of principle.

**THE BENGAL SMOKE NUISANCE (AMENDMENT)
BILL, 1941.**

BILL

further to amend the Bengal Smoke Nuisance Act, 1905.

WHEREAS it is expedient further to amend the Bengal Smoke Nuisance Act, 1905, in the manner appearing herein-after ;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Smoke Nuisance (Amendment) Act, 1941.

2. For the words "from the smoke of furnaces or fire places" up to "other areas in Bengal" occurring in the Title and Preamble of the Bengal Smoke Nuisance Act, 1905, hereafter to be called the said Act, the words "from the smoke of furnaces, flues, chimneys or fire places in the city of Calcutta, and all municipal areas in Bengal and to provide for the extension thereof to other specified areas in Bengal" shall be substituted.

3. For sub-section (2) of section 1 of the said Act, the following shall be substituted as sub-section (2) :—

"(2) It extends in the first instance to the city of Calcutta as defined in the Calcutta Municipal Act of 1923 and to all Municipalities as constituted under the Bengal Municipal Act of 1932."

4. (1) In section 3 of the said Act, after sub-section (1), the following shall be inserted :—

"(1A) 'Flue or chimney' means any flue or chimney joined to or connected with or forming part of a furnace."

(2) In sub-section (4) of section 3 of the said Act, in sections 6, 7, 8, 8A, 9 and in all other sections of the said Act, the words "flue or chimney" shall be inserted after the word "furnace" wherever it occurs.

5. After sub-section (2) of section 8A of the said Act, the following shall be added :—

"(3) A Magistrate imposing a fine under sub-section (2) of section 8A may, by order, direct such person to demolish the furnace, flue or chimney within a period to be specified in the order.

(4) Any such person failing to demolish within the period specified in the order or within such longer period, as the Magistrate may, for reasons to be stated allow, shall be liable to fine which may extend to twenty rupees for every day thereafter during which such failure continues."

STATEMENT OF OBJECTS AND REASONS.

Though the Bengal Nuisance Act was passed in 1905, its scope has only been extended to Calcutta, Howrah and some three Municipalities of Bengal. Its jurisdiction and area of operation is hopelessly limited, especially at a time when places which were once obscure and unimportant have developed into important industrial towns. It is desirable that the scope of the Smoke Nuisance Commission should be extended by the amendment of the Act. It appears from the latest report of the Smoke Nuisance Commission published in 1940 that in 1940 it had to deal with 3,372 cases of smoke nuisance. The main purpose of this amending Bill is to extend the Act to all municipal areas for the good of public health and sanitation.

further to amend the Bengal Jute Regulation Act, 1940.

WHEREAS it is expedient further to amend the Bengal Jute Regulation Act, 1940, in the manner appearing herein after ;

It is enacted as follows :—

1. It may be called the Bengal Jute Regulation (Amendment) Act, 1941.

2. The words " either for his own consumption or " occurring in the first and second lines of sub-section (5) of section 2 of the Bengal Jute Regulation Act, 1940, shall be omitted and at the end of the said sub-section (5) the words " but it shall not include any person who grows jute exclusively for his own domestic use or consumption on any land in his possession " shall be added.

STATEMENT OF OBJECTS AND REASONS.

The apparent purpose of the Bengal Jute Regulation Act, 1940, was to secure reasonable and profitable price of jute to the growers of jute by regulating the cultivation thereof. It was not the intention of the legislation to control the cultivation of jute crop produced solely for domestic use and consumption on the part of the grower. In some district such as in Chittagong, jute is grown on small tract of land for domestic use and consumption as vegetables. As the production of jute especially for domestic use and consumption has been included within the purview of the Act, it has been causing great hardships to poor cultivators who grow jute for domestic use only. It is desirable that cultivation of jute for domestic use and consumption should be excluded from the scope of the Act. Hence this amending Bill is necessary.

STATEMENT OF OBJECTS AND REASONS.

The sole and main aim of this amending piece of legislation is to make some necessary provisions in the Bengal Municipal Act, 1932. These proposed provisions fall under two heads, viz., (1) provision for election of more than one Vice-Chairman. With the growth of multifarious municipal duties and activities this would be necessary in case of big municipal bodies; and secondly, the powers are proposed to be given to regulate importunate begging in public streets and public places by showing infirmity, dangerous disease or sore or wound to excite the feeling of charity, and to regulate brothel and prostitution within their municipal areas. These powers have already been given to the Municipalities of the Punjab, Bombay and of other provinces. These are very necessary provisions which ought to be added to the Bengal Municipal Act, 1932, for the purpose of conferment of greater good and comforts to the rate-payers of every Municipality in Bengal.

NOTIFICATION.

No. 1404L.C.—26th August, 1941.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules,

the following Bill which was introduced in the Bengal Legislative Council on the 22nd August, 1941, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

S. K. D. GUPTA,

Secy. to the Bengal Legis. Council.

THE BENGAL FISHERIES BILL, 1941.

WHEREAS it is expedient to extend the law relating to Fisheries in Bengal, it is enacted as follows :—

1. (1) This Act may be called the Bengal Fisheries Act, 1941.

(2) It will extend to the whole of the Bengal Presidency.

2. In this Act and the rules made thereunder unless there is something repugnant in the subject or content, the words "fish" and "private water" shall bear the same meanings as assigned to them in section 3 of the Indian Fisheries Act, 1897.

3. In this Act unless there is anything repugnant in the subject or content—

(1) "Fishery officer" includes any person whom the Provincial Government or any officer empowered by the Provincial Government in this behalf may from time to time appoint by name or as holding office to carry out the purposes of this Act and the rules made thereunder.

(2) "Fishing offence" means any offence punishable under this Act and the rules made thereunder.

4. (1) The Provincial Government may make rules for the purposes mentioned in this section and may by such rules declare the water (not being private water) to which any of such rules shall apply.

(2) The Provincial Government may by a notification published in the *Official Gazette* apply such rules to any private water with the consent in writing of the owner thereof and of all persons having exclusive right of fishery therein.

(3) Such rules—

(a) may prohibit fishing without licence and prescribe conditions for such licence ;

(b) may prohibit killing any fish of any prescribed species or of any prescribed size or weight ;

(c) may provide for—

(i) the seizure, forfeiture and removal of any apparatus erected, used or employed for fishing in contravention of the rules ; and

(ii) the confiscation of any fish caught by means of such apparatus or appliances.

5. The Provincial Government may prohibit by a notification the selling or barter of any fish killed in contravention of any provision of this Act and of any rules made thereunder.

6. Whoever shall break any rules made under section 4 or any prohibition notified under section 5 shall be punished on conviction to fine which may extend to one hundred rupees, and when the breach is a continuing breach, with a fine which may extend to ten rupees for every day after the date of the first conviction during which the breach is proved to have been continued.

7. All offences punishable under this Act and the rules made thereunder shall be cognisable, bailable and compoundable.

8. The procedure provided in the Code of Criminal Procedure, 1898, shall be applicable to the trials of offences punishable under this Act.

*The Bengal Fisheries Bill, 1941.**(Sections 9, 10.)*

9. Nothing in this Act shall be deemed to limit the power of the Provincial Government to make rules under section 6 of the Indian Fisheries Act, 1897.

10. The Provincial Government may by a notification empower any fishery officer to compound any offence punishable under this Act and the rule made thereunder on such terms and conditions and on payment of such compensation as prescribed by the rules by the Provincial Government for these purposes.

STATEMENT OF OBJECTS AND REASONS.

The Government of Bengal has already decided to restart the Fishery Department in Bengal with a view to bring about a healthy development in the fishing industry of the province and a sum of Rs. 82 thousand has been provided in the current year's budget estimates. It is desirable that necessary powers should be given to the Provincial Government to improve the industries in all possible ways. Hence there is a necessity of a legislation as suggested in this Bill.

Member-in-charge.

**THE BENGAL HINDU WOMEN'S RIGHT TO PROPERTY
BILL, 1941.**

WHEREAS it is expedient to provide for the Hindu women's right to property in respect of the devolution of agricultural land ; it is hereby enacted as follows :—

1. (i) This Act may be called the Bengal Hindu Women's Right to Property Act, 1941.

(ii) It extends to the Province of Bengal only.

2. "Dies intestate" in this Act means "dies without making any testamentary disposition which is capable of taking effect".

3. (i) Where a Hindu governed by the *Daybhag* School of Hindu Law dies intestate his agricultural lands and when a Hindu governed by any other school of Hindu Law or by customary law dies intestate leaving agricultural lands which are his separate property, his widow or if there is more than one widow all his widows together, shall subject to the provisions of sub-section (3), be entitled in respect of property regarding which he dies intestate to the same share, as a son :

Provided that the widow of a predeceased son shall inherit in like manner as a son if there is no son surviving of such predeceased son and shall inherit in like manner as a son's son if there is surviving a son or son's son of such predeceased son :

Provided further that the same provisions shall apply *mutatis mutandis* to the widow of a predeceased son of a predeceased son.

(ii) When a Hindu governed by any school of Hindu Law other than the *Daybhag* School or by customary law dies, having at the time of his death, an interest in Hindu joint family property, his widow shall, subject to the provisions of sub-section (3) have in the property the same interest as he himself had.

(iii) Any interest devolving on a Hindu widow under the provisions of this section shall be the limited interest known as a Hindu women's estate, provided however that she shall have the same right of claiming partition as a male owner.

(iv) The provisions of this section shall not apply to an estate which by a customary or other rule of succession or by the terms of the grant applicable thereto descends to a single heir or to any property to which the Indian Succession Act, 1925, applies.

4. Nothing in this Act shall apply to the property of any Hindu dying before the 14th April, 1937.

5. The Act shall have retrospective effect as if it had come into force on the 14th day of April, 1937.

STATEMENT OF OBJECTS AND REASONS.

The Federal Court is of opinion (1941 C. W. N. 81 F. R.) that the Hindu Women's Rights to Property Act, 1937, and the Hindu Women's Rights to Property (Amendment) Act, 1938—

- (a) do not operate to regulate succession to agricultural land in the Governor's Provinces, and
- (b) do operate to regulate devolution by survivorship of property other than agricultural land. This opinion has created considerable difficulties. There were devolutions after April, 1937, and transfers have been made thereafter creating interest in third parties. To meet the situation it is desirable that there should be legislation in Bengal to provide for the Hindu women's right to property in respect of the devolution of agricultural land. The Bill has been drafted on the lines of the Hindu Women's Rights to Property Act and is intended to remove the difficulties pointed out by the Federal Court.

WHEREAS an emergency has arisen which renders it necessary to make provision for the grant of relief in respect of certain personal injuries sustained during the continuance of the present hostilities;

Now, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935, the Governor-General is pleased to make and promulgate the following Ordinance:—

- (6) "war injury" means a physical injury—

 - (iii) the doing of any other injurious act, either by the enemy or in combating the enemy or in repelling an imagined attack by the enemy; or
 - (b) caused by the impact on any person or property of any enemy aircraft, or any aircraft belonging to or held by any person on behalf of or for the benefit of His Majesty or any allied power, or any part of, or anything dropped from, any such aircraft;
- (7) "war service injury", in relation to a civil defence volunteer, means any physical injury shown to the satisfaction of the Central Government or other authority authorised to make payments under a scheme to have arisen out of and in the course of the performance by the volunteer of his duties as a member of the civil defence organisation to which he belonged at the time the injury was sustained, and (except in the case of a war injury) not to have arisen out of and in the course of his employment in any other capacity:

Provided that before being so satisfied the Central Government or other authority authorised to make payments under a scheme shall have received from the civil defence organisation of which the volunteer concerned was a member at the time the injury was sustained, a report, by an officer of the organisation authorised by the Central Government to make such reports, about the injury in question.

Power to make schemes for relief in respect of war injuries and war service injuries.

3. (1) The Central Government may make a scheme or schemes in accordance with the provisions of this Ordinance providing for the grant of relief in respect of the following injuries sustained during the continuance of the present hostilities, namely:—

- (a) war injuries sustained by gainfully occupied persons (with such exceptions, if any, as may be specified in the scheme) and by persons of such other classes as may be so specified; and
- (b) war service injuries sustained by civil defence volunteers.

(2) A scheme may authorise the Central Government or any authority authorised by the Central Government to make payments under the scheme, in such circumstances and subject to such conditions as may be specified in the scheme, to make to or in respect of persons injured—

- (a) payments by way of temporary allowance, which shall be payable only so long as the person injured is incapacitated for work by the injury and has not received any such payment as is mentioned in clause (b);
- (b) payments otherwise than by way of temporary allowance, which shall be payable only where the injury causes serious and prolonged disablement or death; and

(5) A scheme may be amended or rescinded at any time by the Central Government.

(6) Any decision of the Central Government or other authority empowered to make payments under a scheme as to the making, refusal or amount, or as to the continuance or discontinuance, of a payment under a scheme may be varied from time to time by a subsequent decision of the Central Government or such authority as the case may be, but save in so far as it is so varied shall be final and conclusive.

Relief from liability to pay compensation or damages.

4. (1) In respect of a war injury sustained during the continuance of the present hostilities by any person, and in respect of a war service injury sustained during that period by a civil defence volunteer, no such compensation or damages shall be payable, whether to the person injured or to any other person, as apart from the provisions of this sub-section—

on the ground that the injury in question was attributable to some negligence, nuisance or breach of duty for which the person by whom the compensation or damages would be payable is responsible.

(2) The failure to give a notice or make a claim or commence proceedings within the time required by any enactment shall not be a bar to the maintenance of proceedings in respect of any personal injury, if—

(a) an application for a payment under a scheme has been duly made to the Central Government or other authority empowered to make payments under the scheme in respect of the injury; and

(b) the Court or other authority before which the proceedings are brought is satisfied that the said application was made in the reasonable belief that the injury was such that a payment could be made under the scheme; and

(c) the Central Government or other authority empowered to make payments under the scheme certifies that the application was rejected, or that payments made in pursuance of the application were discontinued, on the ground that the injury was not such an injury; and

(d) the proceedings are commenced within one month from the date of the said certificate.

Information
as to earnings.

5. (1) Where it is necessary in order to determine the amount of any payment to be awarded under a scheme in respect of any injury, to ascertain the earnings of the person injured in respect of any period before he sustained the injury, the Central Government or other authority authorised to make payments under the scheme may by notice in writing require—

- (a) any person who was an employer of the injured person during that period, or
- (b) any other person having any knowledge with respect to the financial circumstances of the injured person during that period,

to furnish in accordance with the notice any information in his possession relating to those earnings or circumstances, and to produce to any person specified in the notice any wage books, records or other documents in his possession containing entries with respect to those earnings.

(2) If any person—

- (a) fails to comply with the requirements of any such notice, or
- (b) in purported compliance with any such notice, knowingly or recklessly makes any untrue statement or untrue representation, or produces any document which is false in a material particular or calculated to deceive,

he shall be punishable with fine which may extend to three hundred rupees.

Penalty for false
statement.

6. Any person who for the purpose of obtaining a payment or grant under a scheme either for himself or for any other person, knowingly makes any untrue statement or untrue representation, shall be punishable with imprisonment for a term which may extend to three months.

Assignments
or charges
to be void.

7. Any assignment of, or charge on, and any agreement to assign or charge any payment awarded or to be awarded under a scheme shall be void, and, on the insolvency of any person to whom such a payment has been awarded, the payment shall not pass to any trustee or other person acting on behalf of the creditors.

J. K. SARKAR, *Executive Engineer,*
Mymensingh Division.

Mymensingh, the 19th August 1941.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 2nd August 1941.

**First Forecast of the Cotton Crops of Bengal,
1941-42.**

(*Note.*—On an average of the five years ending 1939-40, the area under cotton in the territories in Bengal to which this forecast relates has represented some 0·2 per cent. and that in the Bengal states some 0·1 per cent. of the total area under cotton in India.)

There are two crops—early and late. The early crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The late crop is grown in Bankura and Midnapore.

Character of the season.—The weather was generally favourable for the crop except in Mymensingh where excessive rain in the first fortnight of May somewhat affected the growth of the crop.

Area sown.—The area sown is reported to be 106,188 acres this year as against 107,078 acres in the corresponding forecast of last year. The decrease in area is due to reservation of some forest area in the interior of the Tripura State.

M. CARBERRY,

Director of Agriculture, Bengal.

The Maharajadhiraja Bahadur was born on the 19th October 1881 and on the 10th February 1903, he was installed at a public durbar in Burdwan by the then Lieutenant-Governor of Bengal who presented him with two sanads. The one conferred on him, as "Zamindar of Burdwan", the hereditary title "Maharajadhiraja" to be attached to the estate and the other the title of "Maharajadhiraja Bahadur" as a personal distinction. On the 26th June 1908, the title of "Maharajadhiraja Bahadur" was gazetted as a hereditary distinction and on the 14th November 1908 at a durbar held at Belvedere, he was presented with a sanad conferring on him as "Zamindar of Burdwan" the hereditary title of Maharajadhiraja Bahadur to be attached to the estate. On the 1st January 1909, he was made a Knight Commander of the Most Eminent Order of the Indian Empire and was admitted to the third class in the civil division of the Indian Order of Merit. In 1911 he was made Knight Commander of the Most Exalted

Order of the Star of India. He was a member of the Imperial Legislative Council from 1907 to 1918.

On the 14th May 1918, he was appointed temporarily to be a member of the Executive Council, Bengal, and was confirmed in 1919. He resigned his appointment in 1924. The decoration of G.C.I.E. was conferred on him on the 1st January 1924. He was a member of the Reforms Enquiry Committee in 1924 and of the Taxation Committee in 1924-25. The Maharajadhiraja Bahadur sailed for England in October 1926 to take part as India's representative at the Imperial conference of Dominion Premiers held in London. He was received by the King Emperor George V, and during his stay in England he received the Freedom of the cities of Manchester, Edinburgh and Stoke-on-Trent and the honorary degree of LL.D. of Edinburgh and Cambridge Universities. In January 1927, he was nominated a member of the Council of State which he resigned in March 1927. In 1938 he was appointed a Member of the Land Revenue Commission, Bengal.

The Government of Bengal desire to record their high appreciation of his exceptional services to the State and to express their deep sympathy with his sons and other members of his family in their great and irreparable loss.
